THEY FEELING YOU
STAYS WITH YOU

2017 LINCOLN MKX
Lincoln.com

REJUVENATING YOU IN EXHILARATING WAYS

When elegance and intensity converge, remarkable ideas take shape. Lincoln MKX exemplifies this progressive way of thinking. From the moment you slip behind the wheel, a feeling of quiet confidence washes over you. With its effortlessly engaging drive, the 2017 Lincoln MKX influences you in ways that are truly empowering. Ways designed to inspire extraordinary drives and exceptional experiences.

2.7-LITER GTDI V6 IS WELL BALANCED.

Get impressive power – 335 horsepower and 380 lb.-ft. of torque¹ – when you opt for the twin-turbocharged direct-injected 2.7-liter GTDI V6 engine.² Its 2 turbochargers pump air quickly into the combustion chambers to generate a virtually instantaneous surge of power on demand. Plus, it has excellent fuel economy.³

3.7-LITER Ti-VCT V6 SETS THE STANDARD.

With a substantial 303 horsepower and 278 lb.-ft. of torque, the standard 3.7-liter Ti-VCT V6 engine offers you smooth, responsive passing and merging. It also features twin independent variable camshaft timing that precisely controls when the intake and exhaust valves open and close to help optimize fuel combustion.

¹Horsepower and torque ratings achieved with 93-octane fuel. ²Available feature. ³EPA-estimated rating: 18 city/25 hwy/20 combined mpg, 2.7-liter FWD. Actual mileage will vary.

QUIET SPACE FOR CONTEMPLATION

From the acoustic-laminate glass in its windshield and front doors to the tuning of its tires, the serenity is in the details. The artisans of Lincoln even utilized the vehicle's speakers in their quest for quiet. By sending precisely chosen sound waves through the speakers, Active Noise Control¹ cancels out unwanted noise and refines engine sounds. The result is a thoroughly calming ambience.

The finest Bridge of Weir Deepsoft™ leather¹ trims the heated and cooled, 22-way multicontour front seats with Active Motion^{®1} massage functionality that can help reduce muscle fatigue in your upper legs and lower back. Heated rear outboard seats¹ pamper those in back, while the power panoramic Vista Roof^{®1} ushers in fresh air for all.

In order to provide this highly refined environment, the Lincoln Luxury Validation Center meticulously inspects the materials, craftsmanship, fit and finish, and function of each Lincoln MKX that leaves our facility. This process ensures that it meets Lincoln standards in every way, before you see that it meets yours.

¹Available feature.

OPEN UP YOUR POSSIBILITIES

Suddenly, there's more power in your kick. With the Hands-Free Liftgate,* your key fob can stay tucked away while you simply kick your foot beneath the rear bumper. The liftgate effortlessly opens to reveal a flat load floor, abundant space, and the flexibility of a 60/40 split-fold rear seat. Once you've loaded your cargo, close the liftgate with the press of a button, or by gently kicking your foot under the rear bumper again.

*Available feature.

Lincoln.com

WHERE INSTINCT AND
INTELLECT INTERSECT

BE ALERT.

Some vehicles may be out of your line of sight, but they can be detected by BLIS® (Blind Spot Information System) with cross-traffic alert.^{1,2} If the system's radar sensors detect a vehicle in either blind spot while you're driving forward, the system can alert you with a light in the corresponding sideview mirror. While backing up, it can also detect a vehicle approaching from either side, then notify you with a warning light and an audible tone.

REDUCE CONFLICT.

Sometimes you can't see it coming. A sudden turn in front of you. Unexpected brake lights. Get help from our Pre-Collision Assist with Pedestrian Detection.^{1,2} Using camera and radar technology, it can monitor the front of your vehicle's proximity to other vehicles and pedestrians. If a potential collision is detected, it can alert you with visible and audible warnings and, if needed, precharge the brakes and increase brake sensitivity to help provide full responsiveness when you brake. If the system determines a collision is imminent, active braking may automatically apply full braking.³

STAY CENTERED.

If you start to drift out of your lane, the Lane-Keeping System^{1,2} is there to help. Using a forward-facing camera to detect road lane markings, it can apply steering wheel torque and even alert you with a steering wheel vibration to help direct you to return to your lane.⁴ If it detects that you've crossed the lane or repeatedly drifted, it can prompt the Driver Alert System^{1,2} to chime and display a coffee cup image to remind you that it's break time.

PLAN AHEAD.

There's no need to hold down the brake pedal for a long stoplight or extended wait. Just activate the Auto Hold feature,¹ then come to a complete stop. Even on a hill, the system will hold your vehicle in place until you press the accelerator. When highway cruising, activate Adaptive Cruise Control,^{1,2} set the vehicle's speed, and it can automatically adjust to maintain your choice of 4 preset gaps from the vehicle in front of you.

¹Driver-assist features are supplemental and do not replace the driver's attention, judgment and need to control the vehicle. ²Available feature. ³Pre-Collision Assist with Pedestrian Detection can detect pedestrians, but not in all conditions and does not replace safe driving. See owner's manual for system limitations. ⁴Lane-Keeping System does not control steering.

SUPPORTIVE SURROUNDINGS

Take your place at the leather-wrapped, heated¹ steering wheel and allow this stunning environment to warmly envelop you. With its convenient memory feature, Lincoln MKX recalls your preferred placement of the driver's seat, heated sideview mirrors and more,¹ each time you return. Enjoy the harmony of its graceful interior lines accented by genuine wood¹ or aluminum¹ trim. Enhance the atmosphere with ambient lighting¹ in your choice of 7 hues.

The creation of the dramatic, flowing suspension bridge between the instrument panel and the center console was enabled by the placement of the easy-to-use push-button shift transmission controls. This design also provides plenty of space for your travel accessories – the essentials that personalize your experience.

¹Available feature.

Music has the power to calm and soothe... invigorate and liberate. Whatever your preference, our expertly engineered Revel® and Revel Ultima® audio systems¹ can deliver it with a level of precision and musical accuracy you won't just hear – you'll feel it, too – as if you're seated in the "Audience" or right up "On Stage" when you use the personalized listening modes. Enjoy outstanding, multidimensional sound in every seat courtesy of Revel Waveguides, QuantumLogic® Surround Sound technology and advanced cabin correction tuning. The 19-speaker Revel Ultima audio system uses patented Clari-Fi™ music reconstruction technology to enhance satellite radio, streaming services, MP3s and other digital sources – for clear, crisp, wide, dynamic sound.

QuantumLogic Surround Sound
Clari-Fi music reconstruction technology

¹Available feature.

| SYNC

Staying connected should be second nature. That's why our SYNC® 3 enhanced voice-activated technology¹ concisely presents your audio, phone, navigation² and other features on a responsive touchscreen. Steering wheel-mounted controls and simple voice commands let you place and answer calls, plus control music from your devices. SYNC AppLink^{®3} allows you to control select compatible mobile apps by voice, too. Voice-Activated Touchscreen Navigation System² maps feature pinch-to-zoom capability. Plus, seamless integration with Siri[®] Eyes Free brings the power of your paired iPhone[®] into your vehicle. SYNC 3 also brings you the options of Apple CarPlay^{™4} and Android Auto.^{™5} Automatic updates over Wi-Fi^{®6} provide you with the latest software as new updates become available.

¹Don't drive while distracted. Use voice-operated systems when possible; don't use handheld devices while driving. Some features may be locked out while the vehicle is in gear. Not all features are compatible with all phones. Message and data rates may apply. ²Available feature. ³SYNC AppLink is compatible with select smartphone platforms and requires any compatible apps to be installed and running on a capable smartphone while connected to SYNC. Commands may vary by phone and AppLink software. Message and data rates may apply. ⁴Requires phone with compatible version of Apple iOS and active data service. SYNC does not control Apple CarPlay while in use. Apple is solely responsible for their functionality. Message and data rates may apply. ⁵Requires phone with compatible version of Android Auto and active data service. SYNC does not control Android Auto while in use. Google and other third parties are responsible for their respective functionality. Message and data rates may apply. ⁶Optional Navigation System map updates cannot be received via Wi-Fi and require a separate update.

2017 LINCOLN MKX

Lincoln.com

TAKE THE TURNS ON YOUR TERMS

Lincoln MKX adapts so you don't have to. Torque Vectoring Control¹ and Electric Power-Assisted Steering (EPAS) adjust to enhance agility in different driving situations. Adaptive HID headlamps² swivel as you steer. Adaptive Steering² helps your vehicle feel taut and stable at higher speeds, yet very agile and fluid at lower speeds.

Personalize your experience by switching between 3 drive modes – Comfort, Normal or Sport – with Lincoln Drive Control² featuring Continuously Controlled Damping (CCD). You can also allow the fully automatic Intelligent all-wheel drive (AWD)² to adjust torque as needed – typically before wheelslip can even occur – so your Lincoln MKX performs at its best in various conditions.

¹Remember that even advanced technology cannot overcome the laws of physics. It's always possible to lose control of a vehicle due to inappropriate driver input for the conditions. ²Available feature.

EASE INTO PRIME POSITION.

When parallel parking or backing into a perpendicular spot, turn to the Enhanced Active Park Assist System.^{1,2} Using ultrasonic sensors, the system not only helps you locate an appropriate space, it steers Lincoln MKX into it. All you do is follow on-screen prompts and control the shifter, brake and accelerator pedals. It can steer while you pull out of a parallel spot, as well. And for additional guidance during parking maneuvers, the Forward² and Reverse Sensing Systems¹ will emit beeping tones to alert you to objects near the front or rear of your vehicle.

MAKE INFORMED DECISIONS.

By merging the views from 4 cameras – 1 in the front, 1 on each sideview mirror and 1 in the back – the 360-Degree Camera^{1,2} creates a bird's-eye view of your vehicle and its surroundings. Displayed on the 8" color screen, it offers visual guides to help you gauge the distance to objects while the vehicle is in Reverse and includes a front washer. You can also switch to a 180-degree view from either the front or the rear camera. The wide-angle view lets you see around corners and other vehicles to check for approaching cross traffic.

¹Driver-assist features are supplemental and do not replace the driver's attention, judgment and need to control the vehicle. ²Available feature.

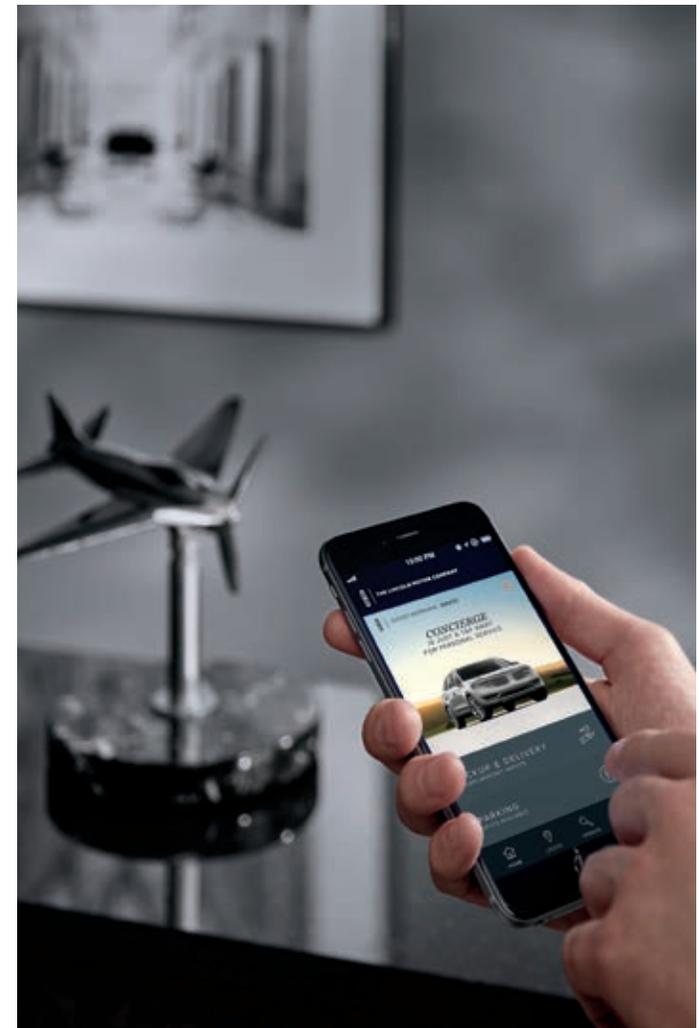

EACH GREETING IS LIKE
A WARM EMBRACE

When you're away, your Lincoln MKX patiently awaits your return, to welcome you, invite you in, and even illuminate your path in the darkness.

As you approach, it senses your key fob from up to 8' away and slowly raises its exterior LED lamps and signature lighting.¹ It also graciously casts a luminous welcome mat with the Lincoln logo on the ground beneath each sideview mirror.

LED lights in the door handle pockets glow with an intensity that's fine-tuned to the exterior color. Inside, the cabin puts on a show with ambient lighting.¹ Once you close the door and relax into your seat, Lincoln MKX deploys the autofold¹ sideview mirrors with memory according to your personalized settings. It's been expecting you.

START IT SMARTER.

No need to bear the cold or heat when you get inside your Lincoln MKX. The Lincoln Way App™ – enabled by an embedded modem^{1,2} – lets you use your smartphone to start your vehicle remotely so it can adjust to your pre-selected climate settings. You can even schedule a daily or weekly start time. Locate your vehicle, remotely lock or unlock its doors and more, with just a few taps.

The Lincoln Way App is available as a download for most smartphone platforms. Every new Lincoln owner can use it to access Roadside Assistance, the Lincoln Concierge and other premium services.

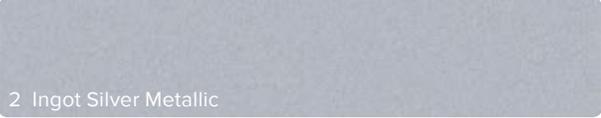

¹Available feature. ²Embedded modem included on Reserve models. Service included for 4 years. Message and data rates may apply.
