2017 LINCOLN

MKZ

THIS MOMENT IS ALL YOURS

MAKE THE MOST OF IT IN THE NEW MKZ

YOUR TIME IS PRECIOUS. SPEND IT WISELY.

It goes by quickly. Surround yourself with things that make your heart race, too. The new MKZ is a driver's car with the desire to excite, and the power to do it. Equipped with one of the most powerful engines Lincoln has ever produced – the all-new 3.0-liter GTDI V6[1,2] – MKZ puts 400 horsepower and 400 lb.-ft. of torque[3] at your disposal, all made possible by twin-turbocharging, direct-injection technology. Underfoot, it's planted with the help of Dynamic Torque Vectoring[1,2] and Intelligent all-wheel drive (AWD).[2,4] This duo of technologies can send up to 100% of the available rear-axle torque to one outside rear wheel while cornering to deliver a smooth and seamless driving experience.

GRAB THE ROAD BY THE LAPELS.

Sometimes you just need to show it who's boss. So pick your path, press the accelerator and take control. Plant yourself firmly in the driver's seat of MKZ with the Driver's Package[1] shown here. With its sport-tuned suspension and Dynamic Torque Vectoring,[5] you'll conquer every curve and feel every second of exhilaration. You'll look the part, too. The package includes a painted upper grille, Ebony-painted brake calipers, and unique 19" wheels with painted pockets. Welcome to "you" time.

[1]Available Summer 2016. [2]Available feature. [3]Horsepower and torque ratings achieved with 93-octane fuel. [4]MKZ only. [5]Remember that even advanced technology cannot overcome the laws of physics. It's always possible to lose control of a vehicle due to inappropriate driver input for the conditions.

HYBRID REWARDS AT NO EXTRA CHARGE.

When an opportunity presents itself, take action. Here's a worthy cause and an outstanding offer: MKZ Hybrid is available at the same starting price as its standard 2.0-liter sibling. With a best-in-class[1] EPA-estimated rating of 41 city mpg,[2] the MKZ hybrid powertrain seamlessly switches between an Atkinson-cycle gasoline engine and an electric traction motor. It charges its lithium-ion battery as needed, which means you don't need to plug it in. In fact, MKZ has the ability to travel at speeds up to 85 mph in purely electric mode.

To help maximize efficiency, an advanced Regenerative Braking System can capture up to 94% of the brake energy that would normally be lost and repurpose it to power the vehicle. Plus, the SmartGauge® instrument cluster with EcoGuide provides visual confirmation of your good driving habits.

2.0-LITER GTDI I-4 SETS THE STANDARD.

Get the kind of performance you might expect from a V6, in a 4-cylinder engine. With 245 horsepower and 275 lb.-ft. of torque[3] on command, MKZ delivers, thanks to the boost of twin-scroll turbocharging; the precision and efficiency of direct fuel injection; and the sophistication of twin independent variable camshaft timing (Ti-VCT). The result is a strong performer with an EPA-estimated rating of 31 hwy mpg.[2]

MKZ puts the control of a manual shift at your fingertips with its 6-speed SelectShift® automatic transmission. Just tap the steering wheel-mounted paddle shifters, and you can change gears if you choose.

MAINTAIN YOUR POISE.

Road conditions change. MKZ adapts. You remain comfortably in control. That's the beauty of Lincoln Drive Control featuring Continuously Controlled Damping (CCD). You don't know what to expect, but it does. Using sophisticated sensors, it reads the road – and your driving input – every 2 milliseconds. Then, it adjusts to help deliver a smooth ride and responsive handling.

Depending on your mood, feel free to select between 3 drive modes – Comfort, Normal or Sport. With any of them, Electric Power-Assisted Steering (EPAS) automatically adjusts to provide the kind of steering response and feedback that make you confident behind the wheel.

Engine	2.0-Liter Atkinson-Cycle I-4 HEV	2.0-Liter GTDI I-4		3.0-Liter GTDI V6[4,5]	
Transmission	eCVT	6-speed SelectShift auto		6-speed SelectShift auto	
Horsepower / Lb.-Ft. of Torque	188 (combined) / 129	245[3] / 275[3]		350[3] / 400[3] FWD	400[3] / 400[3] AWD
EPA-Estimated Fuel Economy[2] City / Hwy / Combined MPG	41 / 38 / 40 FWD	21 / 31 / 24 FWD	20 / 28 / 23 AWD	18 / 27 / 21 FWD	17 / 26 / 20 AWD

[1]Class is Luxury Midsize Hybrid Sedans based on Lincoln segmentation. Excluding Plug-In Hybrid vehicles. [2]Actual mileage will vary.
[3]Horsepower and torque ratings achieved with 93-octane fuel. [4]Available feature. [5]Available Summer 2016.

ELEVATE YOUR ARRIVAL

Everything about the new MKZ is a step above, starting here. The redesigned grille makes a fresh styling statement with Lincoln mesh, flanked by clean, modern LED headlamps[1] for both form and function. They brighten the design, and with low energy draw and high lumen output, they actually illuminate 10x faster than conventional incandescents for the sense of instant on. For a wide-reaching view at low speeds, the adaptive feature automatically expands their low-beam light pattern to help enhance visibility of pedestrians and sidewalks.

[1]Available feature.

MAKE YOUR STATEMENT.

Introducing the Driver's Package.[1] Body-hugging Ebony leather-trimmed multicontour front seats sport high-contrast inserts, piping and stitching in bright Touring White. Carbon-fiber accents on the steering wheel, instrument panel and doors, plus aluminum-topped race-inspired pedals show that this MKZ has the soul of a sports car – and the finesse of a luxury sedan.

[1]Available Summer 2016.

REINVENT YOURSELF DAILY.

You get the chance every morning, and only *you* can do it. In designing MKZ, Lincoln artisans scrutinized everything, from the inside, out. They studied the look, feel and performance of many elements to create the beautiful environment you see here. Open, elegant and flowing. Refined in every way.

They designed new knobs and switches for the more frequently adjusted features. To give you a luxurious grip on your driving, they wrapped the steering wheel in Wollsdorf pure cowhide leather from Central Europe and the Alpine region. And to create the MKZ that you'll appreciate for years to come, you have a choice of interior finishes, including aluminum, real wood[1] or carbon-fiber[1] trim.

[1]Available feature.

Revel in a
brilliantly immersive
listening experience,
exclusively from Lincoln.

REVEL® by HARMAN

Music has the power to invigorate and liberate. Or calm and soothe. It can enhance a moment. Stay with you. Or conjure up an old memory in an instant. The experts at Revel understand. They live for it.

That's why we worked hand-in-hand with them to develop our Revel and Revel Ultima audio systems,[1] which feature a level of precision and musical accuracy you won't just hear – you'll feel it. Specialized listening modes transport you into the "Audience" or right up "On Stage." Revel Waveguides seamlessly blend the output of tweeter and midrange speakers for a natural listening experience. QuantumLogic® Surround Sound technology and advanced cabin correction tuning provide outstanding, multi-dimensional sound to every seat.

Choose the Revel Ultima audio system[1] to add patented Clari-Fi™ music reconstruction technology. Clari-Fi enhances your experience with satellite radio, streaming services, MP3s and other digital sources by rebuilding audio details that were lost during digital compression. The result is clear, crisp, wide, dynamic sound.

SiriusXM

Welcome to the World of SiriusXM.®[5] Enjoy more than 150 channels including the best commercial-free music, plus every major sport and the biggest names in entertainment, news and comedy, with a 6-month trial subscription to the All Access package included with your new vehicle. You can also listen online and on the SiriusXM app.[5] The Navigation System[2] includes a 6-year prepaid SiriusXM Traffic and Travel Link®[5] subscription – the longest of any automobile manufacturer[6] – that gives you detailed traffic and weather information, fuel station locations and prices, sports scores and much more.

HD Radio Digital AM & FM

Get more of your favorite music with HD Radio™ Technology.[2] By broadcasting a digital signal over traditional radio frequencies, HD Radio Technology gives you up to 3 additional channels – per FM station – of new, local content. Plus, it can display on-screen information such as artist, song title, album name and more. And it delivers it all without the need for a subscription.

SYNC

Staying connected should be second nature. That's the thinking behind the design and high-speed performance of our SYNC® 3 enhanced voice-activated technology.[1] Audio, phone, navigation[2] and other features are concisely presented on the capacitive touchscreen. Steering wheel-mounted controls and simple voice commands let you place and answer calls, plus control music from your devices.

Seamless integration with Siri® Eyes Free brings the power of your paired iPhone® into your vehicle. The Navigation System[2] features easy destination entry and maps with pinch-to-zoom capability, plus it makes it simple to find a new restaurant and much more. With SYNC AppLink,™[3] you can use your voice to control some of your favorite compatible mobile apps while driving, too. Automatic updates over Wi-Fi®[4] help keep the system running at its best.

[1]Don't drive while distracted. Use voice-operated systems when possible; don't use handheld devices while driving. Some features may be locked out when the vehicle is in gear. Not all features are compatible with all phones. Message and data rates may apply. [2]Available feature. [3]SYNC AppLink requires any compatible apps to be installed and running on a capable smartphone while connected to SYNC. Commands may vary by phone and AppLink software. Message and data rates may apply. [4]Optional Navigation System map updates cannot be received via Wi-Fi and require a separate update. [5]SiriusXM audio and data services each require a subscription sold separately, or as a package, by Sirius XM Radio Inc. If you decide to continue service after your trial, the subscription plan you choose will automatically renew thereafter and you will be charged according to your chosen payment method at then-current rates. Fees and taxes apply. To cancel you must call SiriusXM at 1-866-635-2349. See SiriusXM Customer Agreement for complete terms at www.siriusxm.com. All fees and programming subject to change. [6]Source: January 2016 analysis of satellite data service offers by Sirius XM to full-line luxury brand vehicles offered in the U.S.A.

YOUR PERSONAL OASIS.

Settle in and relax. Open the fully retractable panoramic glass roof[1] to bask in the sun's cascading rays. With the largest opening among sedans,[2] you can invite them all in. Welcome every season with heated and cooled Bridge of Weir™ leather-trimmed front seats.[1] Select the new Climate Package to enjoy a heated steering wheel, heated rear outboard seats and more. With a gentle rolling motion, the class-exclusive[3] Active Motion®[1] front seats can help melt away stress and muscle fatigue in any climate.

On every journey in MKZ, you can enjoy peace and quiet, thanks to extensive engineering inside and out. Aerodynamic sideview mirrors help deflect wind noise, while features like multilayer door seals and sound-absorbing materials throughout its body help keep road noise at bay. Additionally, Active Noise Control sends precise sound waves through the audio system to cancel out sounds it detects, keeping your interior calm.

To provide this tranquil environment, the Lincoln Luxury Validation Center meticulously inspects the materials, craftsmanship, fit and finish, and function of each MKZ that leaves our facility. Ensuring that it meets Lincoln standards in every way, before you see that it meets yours.

[1]Available feature. [2]Based on effective roof opening as measured by Webasto. [3]Class is Luxury Midsize Sedans based on Lincoln segmentation.

A SENSE OF CALM IN A HECTIC WORLD

STAY CENTERED.

If you start to drift out of your lane, the Lane-Keeping System[1,2] is there to help. Using a forward-facing camera to detect road lane markings, it can apply steering wheel torque and even alert you with steering wheel vibration to help direct you to return to your lane. If it detects that you've crossed the line or repeatedly drifted, it can prompt the Driver Alert System[1] to chime and display a coffee cup image to remind you that it's break time.

REDUCE CONFLICT.

Sometimes you can't see it coming. Unexpected brake lights. A sudden turn in front of you. Get help from our Pre-Collision Assist with Pedestrian Detection.[1] Using camera and radar technology, it can monitor your vehicle's proximity to other vehicles and pedestrians. If a potential collision is detected, it can alert you with visible and audible warnings and, if needed, precharge the brakes and increase brake sensitivity to help provide full responsiveness when you brake. If the system determines a collision is imminent, active braking may automatically apply full braking.[3]

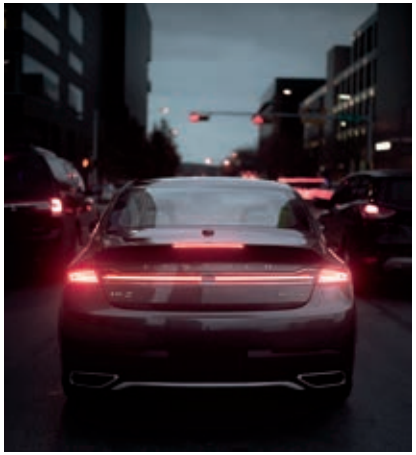
DON'T BE CAUGHT OFF GUARD.

Some vehicles may be out of your line of sight, but they can be spotted by BLIS® (Blind Spot Information System) with cross-traffic alert.[1] If the system's radar sensors detect a vehicle in either blind spot while you're driving forward, the system can alert you with a light in the corresponding sideview mirror. While backing up, it can also detect a vehicle approaching from either side, then notify you with a warning light and an audible tone.

[1]Available feature. Driver-assist features are supplemental and do not replace the driver's attention, judgment and need to control the vehicle. [2]Lane-Keeping System does not control steering. [3]While Pre-Collision Assist with Pedestrian Detection may be especially helpful in unexpected situations, it does not replace the driver and has limitations, including nighttime, low and harsh lighting conditions, vehicles moving in a different direction, and certain weather conditions.

PERPENDICULAR+ PARALLEL

Wherever you need to park, MKZ can make it easier to maneuver into a spot. The Enhanced Active Park Assist System[1,2] uses ultrasonic sensors to help when you're looking for a perpendicular spot to back into or parallel parking. The system not only helps you find a suitable space, it steers the vehicle into it. All you do is follow on-screen prompts and control the shifter, brake and accelerator pedals. It even provides assisttance when pulling out of a parallel spot. And for additional guidance during parking maneuvers, the Forward[2] and Reverse Sensing Systems[1] will emit beeping tones to alert you to objects near the front or rear of your vehicle.



STRESS LESS IN STOP-AND-GO.

There's no need to hold down the brake pedal for a long stoplight or extended wait. Just activate the new Auto Hold feature[1], then come to a complete stop. Even on a hill, the system will hold your MKZ in place until you press the accelerator.

When highway cruising or in lower-speed traffic, Adaptive Cruise Control with Stop-and-Go[1,2] is designed to eliminate the need for constant adjustments. You simply set the speed, and the system can adjust to maintain a preset gap from the vehicle in front of you, even following it to a complete stop.

[1]Driver-assist features are supplemental and do not replace the driver's attention, judgment and need to control the vehicle. [2]Available feature.

EACH GREETING IS LIKE A WARM EMBRACE

When you're away, your MKZ patiently awaits your return, to welcome you, invite you in, and even illuminate your path in the darkness.

As you approach, MKZ senses your key fob from up to 8' away and slowly raises its exterior LED lamps and headlamps. Then, it graciously casts a luminous welcome mat with the Lincoln logo upon the ground beneath each sideview mirror.

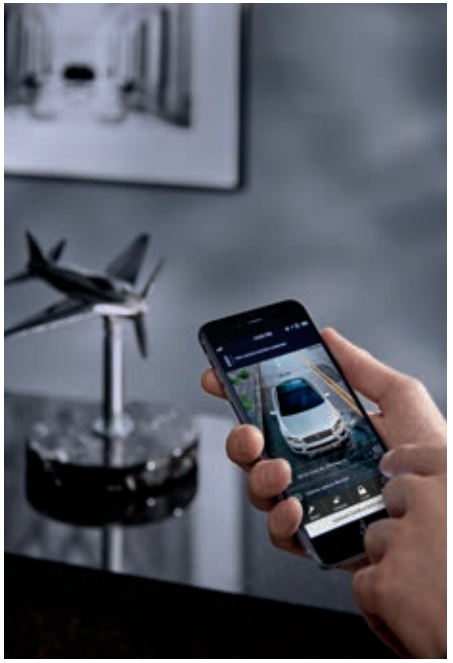
As you enter, LED lamps in the door handle pockets gently glow. The intensity is fine-tuned to the exterior color. Inside, the cabin also puts on a show of ambient lighting[1] until you press the engine start/stop button.

Once you close the door and relax into your seat, MKZ deploys the autofold[1] sideview mirrors with memory according to your personalized settings. It's been expecting you.

START IT SMARTER.

No need to bear the cold or heat when you get inside your MKZ. The MyLincoln Mobile™ app – enabled by an embedded modem[1,2] – lets you use your smartphone to start your vehicle remotely so it can adjust to your pre-selected climate settings. You can even schedule a daily or weekly start time. Locate your vehicle, remotely lock or unlock its doors and more, with just a few taps.

The app is available as a download for most smartphone platforms. Every new Lincoln owner can use it to access Roadside Assistance, the Lincoln Concierge and other premium services.



[1]Available feature. [2]Embedded modem included on Reserve models. Service included for 4 years. Message and data rates may apply.

Lincoln Automotive Financial Services

Whether you decide to purchase or lease, you'll find a plan designed to fit your individual needs. Visit LincolnAFS.com or your Lincoln Showroom to explore your financing options.

Lincoln Protect Extended Service Plans

Whether you purchase or lease your Lincoln vehicle, insist on genuine Lincoln Protect extended service plans. Lincoln Protect has a variety of plans to give you peace-of-mind protection whether you want vehicle component or maintenance coverage. Plus, they are fully backed by Lincoln and honored at all Lincoln dealerships in the U.S., Canada and Mexico. When you visit your dealer, insist on genuine Lincoln Protect extended service plans.

[1]Horsepower and torque ratings achieved with 93-octane fuel. [2]Actual mileage will vary. [3]BLIS replaces standard integrated blind spot mirrors. [4]Lincoln does not recommend using summer tires when temperatures drop to approximately 45°F or below (depending on tire wear and environmental conditions) or in snow/ice conditions. If the vehicle must be driven in these conditions, Lincoln recommends using all-season or winter tires. [5]Source: January 2016 analysis of satellite data service offers by SiriusXM to full-line luxury brand vehicles offered in the U.S.A.

THE LINCOLN PLEDGE

From our trusted service advisors to our expert technicians to the voice on the other end of the line should you call – we'll be there for you and your Lincoln wherever, whenever, if ever you need us.

Our Promise Includes:

PICKUP AND DELIVERY

We'll pick up your Lincoln when it's time for service, including your complimentary first oil change, and deliver it back to you when we're finished.[1] We'll even provide you with a complimentary Lincoln loaner to use while we have yours.[2]

LINCOLN CONCIERGE

Our caring agents are empowered to handle your call and concerns from beginning to end. Contact us at 800-521-4140 or 800-232-5952.

ROADSIDE ASSISTANCE FOR LIFE

We'll be there for you as long as you own your Lincoln – with 24-hour/7-days-a-week assistance nationwide.[2]

COMPLIMENTARY CAR WASH

After each service visit, select dealers are happy to return your Lincoln to you washed and ready for the road ahead.[2]

COMPLIMENTARY LINCOLN LOANER

Should your Lincoln require warranty service, we'll be there for you with a complimentary Lincoln loaner vehicle.

BUMPER-TO-BUMPER WARRANTY

Be assured that your Lincoln is covered for 4 years/50,000 miles.[3]

[1]Mileage limitations may apply. See your dealer for details. [2]Lincoln reserves the right to change program details at any time without obligation. See your dealer for complete details. [3]See your dealer for limited warranty details.
