

2018 Hyundai

Elantra

2018 Hyundai Elantra

What makes Hyundai owners so loyal? Elantra can now answer that six ways.

Step into a 2018 Hyundai Elantra and you'll discover our compact family sedan does more than carry five people and a trunkful of cargo. It carries our belief in better.

We're driven to create cars that are designed better, built better and better connected. It's a philosophy that seems to be working – Hyundai has been ranked the #1 automotive brand in the Brand Keys Customer Loyalty Index for the eighth year in a row.¹ Why do Hyundai customers keep coming back? Because they know that, as good as their current vehicle has been, the next one will be even better. Just look at Elantra.

Now in its sixth generation, Hyundai designers honed its shape into fluid sculpture, blending art and science to achieve a remarkably aerodynamic Elantra that's also remarkably fuel efficient and quiet inside. They created an interior so roomy, Elantra was reclassified by the EPA to be a larger size up. So you get the spacious comfort of a midsize, with the compact exterior dimensions that make Elantra easy to park. And fun to drive.

You get all this, too: Proximity Key entry with push button start and a segment-exclusive hands-free smart trunk release.² Available Smart Cruise Control and Automatic Emergency Braking with Pedestrian Detection.³ Headlights that track with the road as you corner – a feature typically found on luxury sedans.⁴ Android Auto™ and Apple CarPlay™ support keeps your digital life handy,⁵ while our award-winning Blue Link® puts a world of security and connected convenience at your command.⁶ The only question is which of our expanded six-Elantra lineup is the best choice for you?

¹Based on 2010, 2011, 2012, 2013, 2014, 2015, 2016 and 2017 Brand Keys Customer Loyalty Engagement Index[®]. ²Not available on Elantra SE or SEL. ³Available on Elantra Limited. Smart Cruise Control (SCC) is not a collision avoidance or warning device. SCC is for highway use only and should not be used in poor weather, heavy or varying traffic, or on winding or slippery roads. The driver remains responsible for slowing or stopping the vehicle to avoid a collision. Automatic Emergency Braking (AEB) with Pedestrian Detection detects pedestrians, but not in all conditions. AEB is designed to assist drivers to avoid, or reduce the severity of, collisions with cars that have slowed or stopped in front of them. It is a supplemental assist and does not replace the need for extreme care and attention by the driver. Automatic Emergency Braking may not stop the vehicle completely and will not avoid all collisions. ⁴Dynamic Bending Light available on Elantra Limited. ⁵Not available on Elantra SE. Apple CarPlay works with iPhone 5s, iPhone 5c, iPhone 5 and later models running the latest version of iOS 7 and above. Apple is a registered trademark of Apple Inc. Android Auto works with smartphones running on Android 5.0 Lollipop and higher. Android, Android Auto, Google Play and other marks are trademarks of Google Inc. ⁶Standard on Elantra Limited, available on Elantra Sport. Features, specifications, and fees vary by subscription plan and are subject to change. For more on details and limitations, visit Hyundai.com or your authorized Hyundai dealer.

¹Claim based on comparison of specifications on manufacturer websites for 2017 models with normally aspirated engines. ²EPA estimates for comparison only. Mileage may vary. Your actual mileage will vary with options, driving conditions, driving habits and the vehicle's condition. ³Claim based on comparison of specifications on manufacturer websites. ⁴Source: autobytel.com/car-buying-guides/features/top-10-most-aerodynamic-cars-131370. ⁵Not available on Elantra SE. ⁶Standard on automatic transmission and Dual Clutch Transmission models.

Elantra Sport Premium Package in Symphony Silver / Elantra Limited Ultimate Package in Electric Blue

Precision Engineering

We gave preferential treatment to your preferences.

Everybody's different. Which is why we've engineered Elantra with a choice of three engines and three transmissions. Elantra SE, SEL, Value Edition and Limited come standard with a spirited 2.0L Atkinson cycle engine whose 147 horsepower eclipses its Toyota Corolla and Nissan Sentra counterparts.¹

Elantra Eco is powered by a 1.4L turbo GDI engine and 7-speed EcoShift® Dual Clutch Transmission (DCT) that's so efficient, it achieves EPA-estimated fuel economy of 40 MPG highway and 35 MPG combined.² Feeling frisky? Switch Elantra Eco's Drive Mode Select to Sport mode and revel as the transmission shift points are raised, allowing the engine to rev more freely while maintaining its smooth demeanor.

And then, there's Elantra Sport's powerplant – a 1.6L 201-horsepower turbo GDI engine mated to an engaging 6-speed manual or available 7-speed DCT gearbox with steering wheel paddle shifters.

To handle all this engine performance, 53 percent of Elantra's body structure is reinforced with advanced high-strength steel. Which translates into a compact sedan sporting something we know you'll prefer: The supple ride and confident handling typically found on sedans much larger (and more expensive) than Elantra.

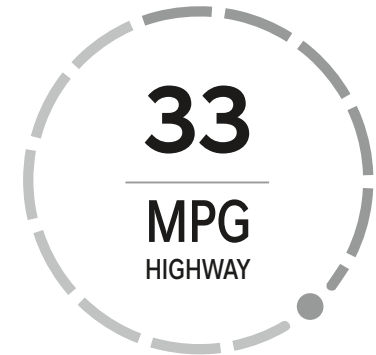

Aerodynamic Top 10 With a mere 0.27 Cd, Elantra is one of the most aerodynamic cars in its class.³ It uses wheel air curtains and a rear bumper bottom spoiler to manage airflow, improving both driving dynamics and fuel efficiency. No wonder Autobytel ranked Elantra in its Top 10 for aerodynamic designs.⁴

The Cure For Congestion Elantra's agility helps you maneuver through city streets and parking lots with ease. Its turning radius is shorter than Toyota Corolla, Honda Civic and Ford Focus.³ Hillstart Assist Control helps prevent rolling backwards when starting on inclines. And to assist when backing up, there's a rearview camera with dynamic guidelines.⁵

Like Two Cars In One Everybody has a different take on driving. Some want more economy, others want more performance. With Drive Mode Select, you can choose Normal or Sport modes at the touch of a button. Sport mode enhances Elantra's performance by altering engine response, transmission shifts and steering effort.⁶

Performance Engineering

Love to drive? Elantra Sport will have you at hello.

Build a compact sedan as fundamentally sound as Elantra, and you shouldn't be surprised if this is what you hear next: The whirl of a turbocharger. The satisfying snarl of a sporty exhaust note. And the rush of wind outside your window. Each is a familiar sound to the Hyundai engineers who created Elantra Sport by boosting the engine and adding a multi-link independent rear suspension to satisfy the driving enthusiast.

Sit in the driver's seat, and your first clue that fun is in store rests in that thick-rimmed, flat-bottomed steering wheel in your hands. Look around, and you'll see alloy pedals at your feet. Taut leather that conforms perfectly to deeply bolstered front seats. Rows of flawless red stitching that boldly contrast with the black trim lining the doors, dash, center armrest, steering wheel and shift lever.

Step outside and notice how 18" machined-finish alloy wheels plant Elantra Sport to the pavement, while design details like aggressive-looking bumper covers and body side sill extensions make some visual noise of their own.

Grab A Paddle The power from Elantra Sport's turbocharged engine is transferred to the pavement through an available 7-speed Dual Clutch Transmission. It assigns one clutch to the even gears, and another one to the odd gears. The result is seamless, lightning-quick gear changes triggered by paddle shift inputs from the driver.

Like A Glove In Elantra Sport, you'll plant yourself firmly into specially designed front sport seats. Contoured and bolstered to hold the driver and front passenger snugly in place during spirited driving, these seats are detailed with red stitching that contrasts beautifully with the car's black trim.

Get A Grip Hyundai engineers used all the tricks of their trade to give the 2018 Elantra Sport more responsive performance. They started by specifying 18" alloy wheels and larger front brakes. Then they tuned the steering feel and added an independent rear multi-link suspension for a true performance sedan experience.

Elantra Sport Premium Package in Phantom Black

Advanced Safety

Better where it really, really counts.

Every year, the Insurance Institute for Highway Safety (IIHS) tests how well a vehicle protects occupants in a crash, and how effectively its technology helps prevent a crash or lessen its severity. When it tested Elantra, the result was impressive and reassuring: The 2017 Elantra equipped with available Automatic Emergency Braking and Dynamic Bending Light on models built after March 2016 earned an IIHS Top Safety Pick+ rating.¹ It's a testament of our commitment to building better by building safer.

Elantra Limited offers more advanced safety features than any model in its class.² Starting up front, it literally surrounds you with safety innovations: Automatic High Intensity Discharge headlights with Dynamic Bending Light that turns your light beams in sync with the steering wheel. Available Smart Cruise Control that automatically maintains a safe distance with the vehicle ahead. And available Forward Collision Warning³ that's enhanced by Automatic Emergency Braking.

To help guard your flanks, Elantra Limited is equipped with available features like Lane Departure Warning and Lane Keep Assist.⁴ And every Elantra trim level above our base SE model comes equipped with Blind Spot Detection with Rear Cross-traffic Alert and Lane Change Assist.⁵

Elantra was the first in its segment to include Pedestrian Detection with an Automatic Emergency Braking function that's so advanced, it can automatically apply partial or full brake-force stopping power to help avoid a collision with a vehicle or pedestrian in front of you.⁶ All to make Elantra the kind of car that makes you feel comfortable and secure. Every time you drive.

Safety All Around Sometimes, accidents are simply unavoidable, even in a car full of advanced active safety technologies. Which is why Elantra comes loaded with six front, side-impact and side-curtain airbags⁷ plus a standard driver's knee airbag – a safety advance not available in Honda Civic, Nissan Sentra or Mazda 3 4-door.²

Know Your Lane Elantra's available Lane Departure Warning with Lane Keep Assist helps detect lane markings, then alerts the driver if the car begins to drift outside the lane without signaling. It even applies corrective steering assistance as needed. And Blind Spot Detection warns the driver if it detects vehicles in the blind spots.

Got Your Back Elantra helps you back out of driveways or parking spaces with a rearview camera that features dynamic guidelines.⁸ Yellow and red guidelines bend to match your steering and convey the intended path of your vehicle. Elantra's available Rear Cross-traffic Alert warns the driver if cars are approaching from the side while you're in reverse gear.

Hyundai engineers are always pursuing better ways to help make driving safer. Some of the advanced safety features onboard the 2018 Elantra include:

- Automatic Emergency Braking with Pedestrian Detection
- Forward Collision Warning
- Smart Cruise Control
- Blind Spot Detection
- Rear Cross-traffic Alert
- Lane Change Assist
- Lane Departure Warning
- Lane Keep Assist
- Rearview camera with dynamic guidelines

¹2017 IIHS 'Top Safety Pick+' based on good ratings in the moderate overlap front, small overlap front, side, roof strength, and head restraint tests, no less than an advanced rating for front crash prevention, and no less than an acceptable headlight rating. For details visit www.iihs.org. ²Claim based on comparison of specifications on manufacturer websites. ³Forward Collision Warning is intended to be a supplement to safe driving practices. The system is not designed to detect certain stationary objects such as trees or poles, and may not detect all vehicles under certain conditions. The driver is responsible for being attentive and maintaining control of the vehicle, and should not wait for the system's alerts before braking as there may not be sufficient time to brake safely. ⁴The Lane Departure Warning system with Lane Keep Assist operates above approximately 44 mph and only when the lane markings are clearly visible on the road. It will not prevent loss of control. Refer to your Owner's Manual for more information. ⁵Do not rely completely on Blind Spot Detection (BSD) and be sure to use proper lane changing procedures. BSD may not detect every object or vehicle and will not prevent accidents. Rear Cross-traffic Alert is active when the vehicle is in reverse gear and backing at a speed less than 6 mph. Never rely exclusively on the Rear Cross-traffic Alert. Always look over your shoulder and use your mirrors to confirm rear clearance. There are limitations to the function, detection, range and clarity of the system. Lane Change Assist provides an audible and visual alert if the turn signal is activated and another vehicle in the blind spot is sensed. There are limitations to the function, range, detection and clarity of the system. See Owner's Manual for further product details and limitations. ⁶The speeds at which full or partial braking is initiated by the Automatic Emergency Braking system vary. Please refer to your Owner's Manual for details. ⁷The Supplemental Restraint System (SRS) is designed to work with the 3-point seatbelt system. The SRS deploys in certain frontal and/or side-impact collisions where significant injury is likely. The SRS is not a substitute for seatbelts, which should be worn at all times. Children under the age of 13 should be restrained securely in the rear seat. NEVER place a rear-facing child seat in the front seat of a vehicle that has a passenger-side airbag. ⁸Not available on Elantra SE.

Class-Above Comfort

Who taught the compact sedan good manners? Hyundai did.

There's a refinement to Elantra that's been carefully cultivated. Want to warm or cool the car before you arrive? With Hyundai's Blue Link® Remote Start with Climate Control, you can.¹ Walk up to Elantra Limited, Eco, Sport or Value Edition, and the door handle area illuminates (a feature normally found on luxury sedans). Getting inside is easy, too, with Proximity Key entry and a segment-first hands-free smart trunk.²

Now open the door to a stylish, ergonomically inviting interior and enjoy the warm welcome of heated front seats (on our Limited model, there's a rear seat heating option, too).² What temperature do you want on your side of the cabin? Elantra lets the driver and front passenger each choose.³

Elantra Limited is also the first car in its segment with an available Integrated Memory System.⁴ At the touch of a button, it remembers the exact position of your driver seat and side mirrors. You can also adjust the tilt-and-telescopic steering wheel for a perfect fit. Start the engine with the press of a button, and a quick glance at the large center-dash display is all it takes to make you feel like the center of attention. Which, of course, you are.

Go On A Real Cruise Elantra Limited's available Smart Cruise Control does what ordinary cruise control can't. If it sees that you're approaching another vehicle too quickly, it automatically slows your Elantra, then resumes to your pre-set speed once the road ahead is clear.

A Helping Hand How often have you walked up to your car with your arms full, wishing that your trunk would magically open? Well, you can stop wishing. Because Elantra comes with a hands-free smart trunk that automatically opens without you having to fumble for the key.⁵

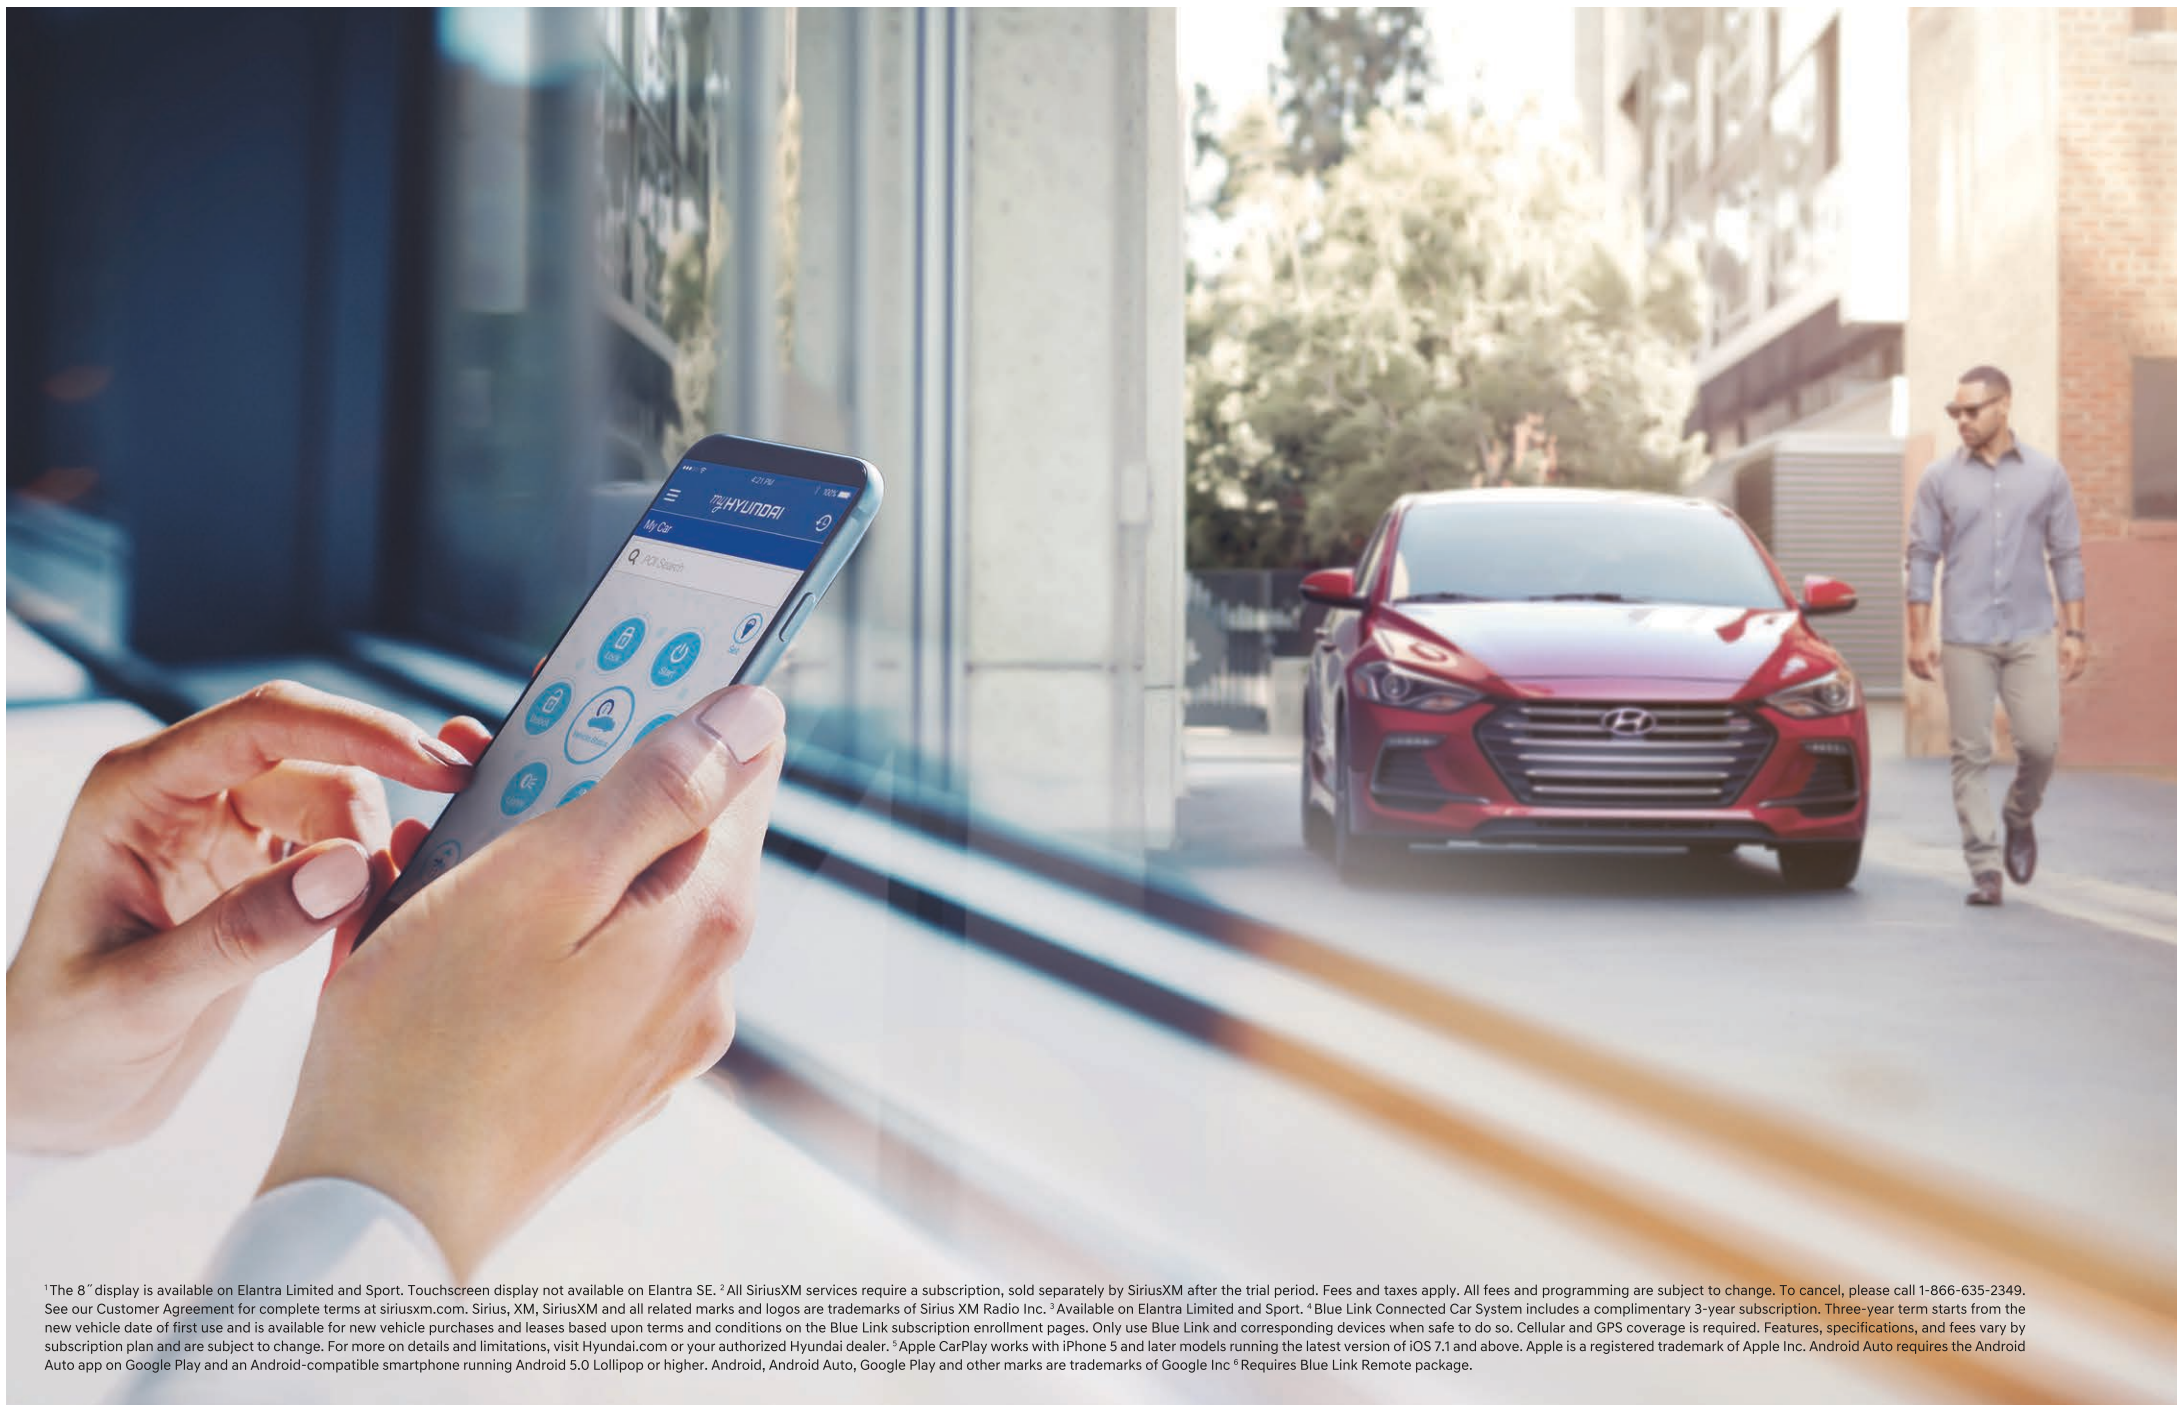

Sustainable Seats In most cars, the seat cushion foam is made from a petroleum-based process. Elantra has a better idea: Seats made with environmentally friendly SoyFoam. Soy is renewable and sustainable. Still, be careful not to spill your soy latte on your new SoyFoam seats.

¹Standard on Elantra Limited, available on Elantra Sport with Dual Clutch Transmission and fully automatic temperature control. Requires an active Blue Link subscription and cellular coverage. Only use Blue Link and corresponding devices when safe to do so. ²Not available on Elantra SE/SEL. ³Dual fully automatic temperature control optional on Elantra Sport, not available on Elantra SE/SEL. ⁴Claim based on comparison of specifications on manufacturer websites. ⁵The smart trunk will open when the smart key is within 40 inches of the detection area for at least 3 seconds. Radio transmitters and other vehicle smart keys may interfere in normal operation of the feature. Please consult Owner's Manual for further details.

Elantra Sport Premium Package in Black Leather with Red Stitching

¹The 8" display is available on Elantra Limited and Sport. Touchscreen display not available on Elantra SE. ²All SiriusXM services require a subscription, sold separately by SiriusXM after the trial period. Fees and taxes apply. All fees and programming are subject to change. To cancel, please call 1-866-635-2349. See our Customer Agreement for complete terms at siriusxm.com. Sirius, XM, SiriusXM and all related marks and logos are trademarks of Sirius XM Radio Inc. ³Available on Elantra Limited and Sport. ⁴Blue Link Connected Car System includes a complimentary 3-year subscription. Three-year term starts from the new vehicle date of first use and is available for new vehicle purchases and leases based upon terms and conditions on the Blue Link subscription enrollment pages. Only use Blue Link and corresponding devices when safe to do so. Cellular and GPS coverage is required. Features, specifications, and fees vary by subscription plan and are subject to change. For more on details and limitations, visit Hyundai.com or your authorized Hyundai dealer. ⁵Apple CarPlay works with iPhone 5 and later models running the latest version of iOS 7.1 and above. Apple is a registered trademark of Apple Inc. Android Auto requires the Android Auto app on Google Play and an Android-compatible smartphone running Android 5.0 Lollipop or higher. Android, Android Auto, Google Play and other marks are trademarks of Google Inc. ⁶Requires Blue Link Remote package.

Elantra Sport Premium Package in Scarlet Red

Hyundai Blue Link

What gives Elantra owners a better connection to the things they need? Hyundai's award-winning Blue Link Connected Car System, now complimentary for the first 3 years of ownership. For details on all the Blue Link features offered, visit HyundaiBlueLink.com.

Available Blue Link Connected Car features include:

Connected Care

- Automatic Collision Notification
- Enhanced Roadside Assistance
- SOS Emergency Assistance
- Monthly Vehicle Health Report
- Service Link
- On-Demand Diagnostics

Remote

- Remote Door Lock/Unlock
- Remote Horn and Lights
- Car Finder
- Remote Start with Climate Control
- Alarm Notification
- Stolen Vehicle Slowdown/Recovery
- Valet/Geo-Fence/Speed/Curfew Alerts

Guidance

- Destination Search powered by Google™
- Destination Send-to-Car by Google

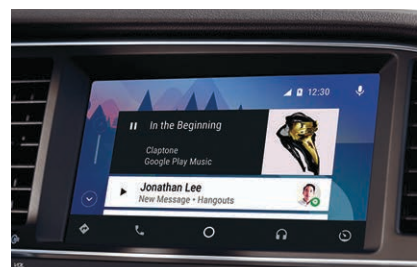

Intuitive Innovation

In Elantra, technology is your friend. Not your frenemy.

Elantra doesn't just offer the latest mobile connectivity and infotainment. It integrates them in a way that's so intuitive, it's earning industry accolades for the user-friendliness of its in-car technologies.

A brilliant 7" or available 8" touchscreen display¹ is your command center for in-car entertainment options like SiriusXM® Satellite Radio,² HD Radio™ and available 8-speaker Infinity® Premium Audio with Clari-Fi™ Music Restoration Technology.³ Use the touchscreen, your steering wheel's fingertip controls or voice commands to adjust audio settings while driving. Stream music from your smartphone using Bluetooth®. Access Android Auto™ or Apple CarPlay™ features. And more.

Need help to get where you're going? Just ask your Elantra Limited or Sport. Its available navigation system uses voice recognition that lets you get directions using simple, natural commands. Then it uses a split screen display and junction view lane guidance to help you see where you're headed. Add SiriusXM Travel Link® features² and our Hyundai Blue Link® Connected Car System (complete with a complimentary 3-year subscription) into the mix, and you've got a connection that takes you well beyond good speaking terms.⁴

Smartphones Made Smarter Seamlessly integrate your compatible smartphone's features with your car via Apple CarPlay or Android Auto (pictured above).⁵ Each lets you make calls, send and receive messages, use your phone's navigation and activate compatible apps using familiar touchscreen or voice commands.

Say Hello To Alexa Elantra now integrates with Amazon Alexa voice services on devices such as Echo and Echo Dot.⁶ Ask Alexa to remotely start your car, set the climate controls and lock or unlock the doors, and your Elantra responds while you finish getting ready to walk out the door.

Hyundai has been ranked the #1 automotive brand in customer loyalty 8 years in a row.² One reason Hyundai continues to be #1 in the industry for customer loyalty? Awards like this: Kelley Blue Book's KBB.com 2016 5-Year Cost to Own Award for producing vehicles with some of the lowest projected ownership costs.³ After all, making it better doesn't have to mean making it more costly to own.

¹ Elantra Sport only. ² Based on 2010, 2011, 2012, 2013, 2014, 2015, 2016 and 2017 Brand Keys Customer Loyalty Engagement Index®. ³ 2016 model-year vehicles' projected cost to own for the initial five-year ownership period is based on the average Kelley Blue Book 5-Year Cost to Own data, which considers depreciation and costs such as fuel and insurance. For more information, visit www.kbb.com.

Key Standard Features

- 147-hp, 2.0L Atkinson cycle 4-cylinder engine with Dual Continuously Variable Valve Timing
- 6-speed manual transmission or available 6-speed automatic transmission with SHIFTRONIC®
- Drive Mode Select (A/T only)
- Motor Driven Power Steering
- 15" steel wheels with 195/65R15 tires
- Projector headlights with Daytime Running Lights
- Bodycolor power side mirrors with driver blind spot mirror
- Remote keyless entry system with alarm
- Solar glass
- Air conditioning
- Cloth seating surfaces
- 3.5" LCD cluster display
- One-touch driver's auto-down window
- Power door locks
- Tilt-and-telescopic steering wheel
- Illuminated ignition
- 6-way adjustable driver seat with height adjustment for driver and passenger
- Adjustable front head restraints
- AM/FM/MP3 audio system with 6 speakers
- USB/auxiliary input jacks
- Steering wheel audio and cruise controls (A/T only)
- Bluetooth® hands-free phone system (A/T only)
- Maplights with sunglass holder, dome lamp and trunk lamp
- Front and rear door map pockets
- Lower console box with sliding cover
- Center armrest with flip-up storage
- 60/40 split fold-down rear seatback with adjustable center head restraint and fixed outer head restraints
- 7-airbag safety system with driver's knee airbag and Occupant Classification System
- Vehicle Stability Management
- Electronic Stability Control
- Traction Control System
- Hillstart Assist Control
- Anti-lock Braking System with Electronic Brake-force Distribution
- Tire Pressure Monitoring System
- Front 2-speed intermittent wipers
- Trunk lid cover
- Temporary spare tire
