Only something stunning and breakthrough could bring life and luxury together. Something like the 2020 INFINITI QX50, where next-generation performance technology and uncompromising design form a vibrant collaboration. This is performance that anticipates future scenarios and it’s like nothing you’ve ever driven. An INFINITI world’s first production variable compression turbo engine delivers what many thought was impossible: optimal power and efficiency in one engine. INFINITI drive assist technologies complement your natural abilities, letting you drive with less stress so you can do more than you could alone. A flagship interior embodies the perfect fit of color, contrast and premium materials, while a sliding second-row seat accommodates changing needs. When a premium crossover is as useful as it is progressive, you’re at your best. Because it’s not about luxury, but what you do with it that counts.

A BALANCE OF ENERGY AND PURPOSE

At a glance, the QX50 appears seamless and sculptural, but upon closer inspection, you’ll see a blend of distinctive proportions and innovation. A clamshell hood design, that wraps over the fenders, creates a feeling of flowing power. A large wheel-to-body ratio translates into an athletic stance, while eye-inspired LED headlights on the ProASSIST Package look to the future through an angled cube design.

PAINT WITH PERSONALITY

From sophisticated to dynamic, color inspires your own personal style.

EVOLVE YOUR DRIVE

Autonomous vehicles are coming to our highways. ProPILOT Assist, available on QX50 SENSORY, supports drivers with the same drive assist technologies that will inspire and empower you in the future. When activated, these innovations help you stay centered in the lane, navigate stop-and-go highway traffic, set vehicle speed and keep a set distance to the vehicle ahead. To help minimize stress and increase awareness of posted speed limits, Traffic Sign Recognition gives you a reminder on your instrument panel, Head-Up Display and top navigation screen.

LUXURY SHOULD BE LIVED IN

FINALLY, LIFE AND LUXURY ARE ON THE SAME PAGE

Step inside the QX50 and a sense of wonder and rejuvenation wash over you. You’ll be greeted with a sea of white leather appointments, contrast stitching and open-pore wood. Together all three materials strike an inviting balance between warm and cool, creating an invigorating environment that is finished in semi-aniline leather appointments, contrast stitching and genuine open-pore wood.
