

2014
DODGE DURANGO

2014

THE NEW DURANGO

KNOWN FOR ITS SOPHISTICATED SEVEN-PASSENGER INTERIOR. ADMIRER FOR ITS ALL-IN CAPABILITY. VALUED FOR ITS TECHNOLOGY. DODGE DURANGO HAS EARNED A REPUTATION AS SOLID AS ITS PERFORMANCE. THE NEW 2014 DURANGO IS NO EXCEPTION. IN FACT, IT'S THE MOST TECHNOLOGICALLY ADVANCED, FUEL-EFFICIENT AND DRAMATICALLY STYLED DURANGO EVER. ONE DRIVE, ONE LOOK AND WE'RE SURE YOU'LL AGREE, DURANGO DELIVERS THE VERSATILITY OF A CROSSOVER, THE CAPABILITY OF AN SUV AND BOLD PERFORMANCE FEARED BY ITS COMPETITION.

BEST-IN-CLASS^[1]* POWER, TOWING[†] AND DRIVING RANGE //
10 EXCLUSIVE FEATURES YOU WON'T FIND ON ANY OTHER VEHICLE IN
ITS CLASS^[1] //

*A note about this brochure: all disclaimers and disclosures can be found on page 20. †When properly equipped.

DEDICATED TO DETAILS. Durango R/T shown with available Nappa perforated leather-trimmed seating in Black with Red accent stitching and class-exclusive^[1] 8.4-inch touch-screen radio.

ALL SENSES READY FOR TAKEOFF. Crank the music, make a phone call, set the cruise control or reconfigure the class-exclusive^[1] seven-inch Thin Film Transistor (TFT) reconfigurable digital gauge cluster, all while keeping your hands on the redesigned thick-rim three-spoke steering wheel with steering wheel-mounted audio controls. Opt for the heated steering wheel and there's one more reason to keep your hands on the wheel.

CLASS-EXCLUSIVE^[1] ROTARY SHIFTER. Durango amplifies the art of driving with new standard performance-inspired die-cast steering wheel-mounted paddle shifters and a new class-exclusive^[1] eight-speed automatic transmission with Rotary Shifter that helps deliver up to 10 percent improvement in fuel economy^[2] and improved acceleration.

Durango Citadel shown with Nappa perforated leather trim in Light Frost Beige with accent stitching and available Captain's Chairs.

FLEXIBILITY AND CRAFTSMANSHIP IN EQUAL MEASURE.

Slide into Durango's driver seat and it becomes instantly clear that this is a no-compromise SUV. Not only will a powerful and efficient powertrain take you the distance but the interior will indulge you with both premium details and an amazing degree of flexibility. Refined craftsmanship, abundant soft-touch surfaces, bright accents, available heated and ventilated Nappa leather-trimmed seats and class-exclusive^[1] technology surrounds you.

Standard seven-passenger seating includes a fold-flat front-passenger seat, 60/40 split-fold-flat second-row reclining bench seats with integrated padded center armrest with cup holders and 50/50 split-folding third-row seats. Opt for cloth or heated leather-trimmed fold-flat second-row Captain's Chairs with soft-touch armrests and a floor-mounted mini console with cup holders for six-passenger seating.

An available second-row center console boasts storage, illuminated cup holders, a USB port and a 12-volt power outlet that supports compatible video game hookups, personal DVD player and smartphone charging.

SCI:FI:INSIDE

This is the standard class-exclusive^[1] seven-inch Thin Film Transistor reconfigurable digital gauge cluster. Let's just call it TFT for short. We'll skip the mechanics and cut to the quick — this is command central. From here, you get real-time information on performance, available navigation and vehicle status in full color and with rich graphics. Your ability to customize is near limitless. You can view vivid turn-by-turn navigation information. Receive visual notifications for available safety systems, such as Forward Collision Warning (FCW)^[3] and Advanced Brake Assist. And the screen with the techy-looking semicircles? That's the one that helps you track performance and average fuel economy so you can grab the most power while using the fewest drops of gas.

MACHINED, FORGED AND SCULPTED. Designed to trigger mouth-gaping glances, the new 2014 Durango demands attention with striking new projector headlamps with embossed Dodge logo, projector fog lamps and available LED daytime running lamps. A new split-crosshair grille filled with a modern mesh texture isn't the only element that speaks Dodge attitude. The bulked-up hood with powerful-looking bulges and available dual bright exhaust tips don't let you forget this SUV is all about performance. The full-width LED racetrack taillamp broadcasts a bold statement, as does the choice among seven all-new 18- or 20-inch wheels.

Durango Citadel shown in Brilliant Black Crystal Pearl with standard 20-inch polished aluminum wheels.

NEW CLASS-EXCLUSIVE⁽¹⁾ AVAILABLE DUAL SEATBACK-MOUNTED BLU-RAY™/DVD ENTERTAINMENT SYSTEM.

Watch the latest movies in high quality via the available dual seatback-mounted Blu-ray player. The system plays both Blu-ray and DVD formats on nine-inch VGA high-resolution screens.

REAR-SEAT HDMI/USB PORTS. Rear-seat passengers can tap into the entertainment system via these conveniently located ports allowing each screen to play independently of the other.

Engineered with technology, Uconnect® brings a range of communication and entertainment services directly to your Durango. Intuitive and customizable, available Uconnect systems include a touch-screen display up to 8.4 inches and steering wheel-mounted controls that operate features like a Bluetooth® enabled phone, Voice Command^[4] navigation, radio, cruise control and more.

The new 2014 Durango offers the next generation of in-vehicle connectivity through available Uconnect Access. With the simplicity of Voice Command^[4] and fingertip control, you can now access all of these brilliant offerings:

9-1-1 CALL^[5] In the event of an emergency, a button on your rearview mirror connects you to local authorities.

ROADSIDE ASSISTANCE CALL^[6] Flat tire or out of gas? The rearview mirror Assist button connects you to Roadside Assistance, which pinpoints your location. Additional fees may apply.

STOLEN VEHICLE ASSISTANCE. If your vehicle is stolen, Uconnect can provide its location to aid police recovery.

THEFT ALARM NOTIFICATION. Choose to receive a text or email alert anytime your vehicle's theft alarm is activated.

VOICE TEXTING^[7] Powerful Cloud-based voice texting on compatible Bluetooth® phones lets drivers hear a text or read and dictate an original message while hands stay on the wheel and eyes on the road.

WiFi HOTSPOT^[8] Create a mobile, on-demand hotspot in and around your vehicle, so passengers can stay securely connected wirelessly on their personal devices.

INSTANT IN-VEHICLE ASSIST. Questions about a Uconnect® feature, app or your new Durango? Press the Access button to connect to the right source for answers.

UCONNECT ACCESS APP^[9] From virtually anywhere, use your computer or the custom smartphone app to remotely lock or unlock your vehicle, start the engine to warm up or cool down the interior, or sound the horn and flash the lights.

CONNECTED SEARCH. Conduct a real-time local search to find restaurants, coffee shops and other businesses sorted by rating and location.

UCONNECT ACCESS VIA MOBILE^[10] Control your favorite mobile app right from your touch screen — from personalized radio stations to news and information. Uconnect Access Mobile makes it easy to access popular apps and stay focused on driving.

SCULPTED TO STAND APART.

WHETHER YOUR INDIVIDUAL STYLE CALLS FOR SOMETHING FIERCE, SPORTY OR CUSTOM IN APPEARANCE, DURANGO HAS YOU COVERED WITH SEVEN ALL-NEW 18- OR 20-INCH WHEEL OPTIONS.

Durango R/T shown in Granite Crystal Metallic with standard 20-inch Hyper Black aluminum wheels.

UP TO 50 DIFFERENT SEATING CONFIGURATIONS. Why so many seating configurations? The answer is simple: Dodge doesn't believe in a one-size-fits-all interior. Who and what you need to take today will not be the same tomorrow. On that principle, Durango's engineers designed a fluid interior made to move right along with your ever-changing lifestyle.

Regardless of where you and your passengers are sitting, you'll appreciate the high-performance sound from the Alpine® Premium Sound System. This available system utilizes a high-powered, 12-channel, 506-watt amplifier powering nine speakers and a subwoofer, optimally placed throughout Durango's cabin.

Durango R/T shown with Nappa perforated leather-trimmed seating in Black with Red accent stitching.

192 POINTS OF ILLUMINATION.
DURANGO'S BOLD DESIGN FINISHES STRONG WITH A NEW SIGNATURE LED
RACETRACK TAILLAMP FOR UNMISTAKABLE ROAD PRESENCE.

BEST-IN-CLASS^[1] STANDARD AND AVAILABLE TOWING. Models with the standard 3.6-liter V6 engine tow an impressive 6,200 pounds*. Outfit Durango with the available 5.7-liter V8 engine and it tows up to an enormous 7,400 pounds*. Pair this towing power with an available active AWD system and hauling heavy water toys out of the lake or taking your most prized possessions cross-country is a breeze.

BEST-IN-CLASS^[1] // POWER // TOWING* // DRIVING RANGE

Beneath the beauty of its sleek exterior and premium interior is a double-minded powertrain built to effortlessly devour highway miles without gorging on gas. Add in a near 50:50 weight distribution with four-wheel independent suspension and Durango further separates itself from the competition.

3.6L PENTASTAR V6 — UP TO 295 HP AND 25 MPG HWY[†] Award-winning 3.6L DOHC with Variable Valve Timing (VVT) Pentastar® V6 engine offers the best combination of standard V6 horsepower and torque in its class^[1] — 290 horsepower (295 horsepower on Rallye and Citadel) and 260 lb-ft of torque, fuel economy of 25 mpg[†] highway and a best-in-class^[1] V6 highway driving range of over 600 miles.

AVAILABLE 5.7-LITER HEMI® V8 — THE MOST POWERFUL ENGINE IN ITS CLASS.^[1] This legendary powerplant kicks out 360 horsepower and 390 lb-ft of torque. The standard Fuel Saver Technology seamlessly transitions from eight cylinders to four when cruising, contributing to an impressive highway fuel economy of 23 mpg.[‡]

CLASS-EXCLUSIVE^[1] EIGHT-SPEED AUTOMATIC. Durango's performance is redefined by a standard class-exclusive^[1] eight-speed automatic transmission with eco mode that yields improved efficiency, quicker acceleration and smoother shifting on both the V6 and V8 engines.

ALL-WHEEL DRIVE (AWD). Available on either engine, a fully automatic and seamless AWD system with active variable torque distribution works with electronic brake distribution control for enhanced vehicle stability. On V8 models, AWD includes a low range on the transfer case for extreme 4x4 situations.

Durango R/T shown in Granite Crystal Metallic.

*When properly equipped.

†EPA estimated 18 mpg city/25 mpg highway (RWD), EPA estimated 17 mpg city/24 mpg highway (AWD).

‡EPA estimated 14 mpg city/23 mpg highway (RWD), EPA estimated 14 mpg city/22 mpg highway (AWD).

BLIND SPOT MONITORING (BSM)^[11] WITH REAR CROSS-PATH DETECTION!^[12]

Dual radar sensors constantly monitor driver blind spots, providing notification of an encroaching vehicle via illuminating icons on the sideview mirrors and by an audible chime. The system includes Rear Cross-Path Detection!^[12] which monitors for vehicles/objects in perpendicular relationships to the vehicle while backing out of tight parking spots. Available.

PARKVIEW® REAR BACK-UP CAMERA!^[12]

Provides a wide-angle view on the radio screen of the area behind the vehicle, includes guidelines to assist in aligning trailer hitches and helps with backing into parking spaces. Available.

PARKSENSE® REAR PARK ASSIST!^[12]

When in Reverse, sensors detect the presence of objects within 6.5 feet in the backup pathway and provide both an audible chime and a visual warning. Available.

RAIN BRAKE SUPPORT.

Invaluable in wet conditions. When the windshield wipers have been activated, it pulses the brake pads closer to the spinning rotors — helping keep the rotors and pads dry for greater control and operator security. Standard.

ADAPTIVE CRUISE CONTROL (ACC) WITH STOP!^[13]

Automatically decreases preset cruise-control speed when approaching another vehicle in the same lane, or when another vehicle pulls into the same lane. The system will accelerate to the preset speed when the vehicle in front speeds up or moves into another lane. ACC will maintain a driver-adjustable distance between the vehicle and the one in front of it and can bring Durango to a controlled stop. Available.

FORWARD COLLISION WARNING (FCW)^[3] WITH CRASH MITIGATION.

Forward-facing radar sensors detect when Durango may be approaching another object too rapidly and alerts the driver with both an audible chime and a visual warning. Available.

READY ALERT BRAKING (RAB).

The system anticipates situations when the driver may initiate an emergency brake stop and uses the ELECTRONIC STABILITY CONTROL (ESC)^[14] pump to precharge the brake system in order to decrease the time required for full brake application. Standard.

SAFETY:TECHNOLOGY

DURANGO SXT

POWERTRAIN

- 3.6L Pentastar® 24V Variable Valve Timing (VVT) V6, 290 hp and 260 lb-ft of torque, 8-speed automatic with Rotary Shifter

SELECT STANDARD EQUIPMENT

- 18-inch Tech Silver aluminum wheels
- Projector headlamps and fog lamps
- Bright chrome exterior accents
- Body-color door handles and power heated mirrors
- LED Racetrack taillamps
- 7-passenger premium cloth seating
- Fold-flat front-passenger seat
- 60/40 Fold-and-Tumble 2nd-row reclining seat
- 50/50 split-folding 3rd-row seat
- Power windows and locks
- 3-Zone Automatic Temperature Control
- Tilt/telescoping steering wheel with cruise and audio controls
- Steering wheel paddle shifters
- 7-inch customizable TFT
- Uconnect® 5-inch touch screen
- Uconnect Voice Command⁽⁴⁾
- Bluetooth® Streaming Audio
- Keyless Enter 'n Go™ with push-button start
- 7 standard air bags;⁽¹⁵⁾ including front multistage air bags, front-seat side-mounted air bags, driver inflatable knee bolster and supplemental side-curtain all-row air bags
- Active front head restraints⁽¹⁶⁾
- Electronic Stability Control (ESC)⁽¹⁴⁾ with Hill Start Assist, Ready Alert Braking (RAB), All-Speed Traction Control, Brake Assist and Rain Brake Support
- Trailer Sway Control⁽¹⁴⁾
- 4-wheel antilock disc brakes

SELECT OPTIONAL EQUIPMENT

- All-wheel drive (AWD) – full-time
- 2nd-row Fold-and-Tumble Captain's Chairs
- 2nd-row console with armrest and storage
- Power sunroof
- Chrome roof rack rails with integrated stowable crossbars
- Uconnect 8.4-inch Media Center with AM/FM, Bluetooth, Uconnect Access⁽⁹⁾ with 1-year subscription and SiriusXM® Satellite Radio⁽¹⁷⁾ with 1-year subscription
- Popular Equipment Group
- Trailer Tow Group

DURANGO RALLYE

POWERTRAIN

- 3.6L Pentastar 24V VVT V6, 295 horsepower and 260 lb-ft of torque, 8-speed automatic with Rotary Shifter

100 YEARS

[1] Based on the latest available competitive information and 2013 *Ward's* Mid-Size Sport/Utility Vehicle segmentation. Excludes other Chrysler Group LLC vehicles. [2] Limited, R/T and Citadel models. Hwy mpg vs. 2013. [3] FCW system is solely an alert system for the front of the vehicle which does not take any actions to change the vehicle dynamics to avoid a collision and is not a substitute for active driver involvement. The driver must remain aware of traffic conditions and be prepared to use the brakes to avoid collisions. [4] Requires Uconnect Phone. [5] The 9-1-1 Call button will connect you directly with Emergency Assistance. If you accidentally press the button, you have 10 seconds to cancel the call by either pressing the 9-1-1 button on the rearview mirror or the cancel button on the Uconnect touch screen. [6] If Roadside Assistance is provided to your vehicle, you agree to be responsible for any additional roadside assistance service costs that you may incur. In order to provide Uconnect Services to you, we may record and monitor your conversations with Roadside Assistance, Uconnect Care or Vehicle Care, whether such conversations are initiated through the Uconnect Services in your vehicle, or via landline or mobile telephone, and may share information obtained through such recording and monitoring in accordance with regulatory requirements. You acknowledge, agree and consent to any recording, monitoring or sharing of information obtained through any such call recordings. [7] Voice Text Reply and Voice Texting features require a compatible mobile device enabled with Bluetooth Message Access Profile (MAP). iPhone and some other smartphones do not currently support Bluetooth MAP. Visit www.UconnectPhone.com for system and device compatibility. Vehicle must be registered for Uconnect Access and you must fulfill minimum subscription requirements. Also requires the use of a compatible smartphone that supports text messaging and Bluetooth. Check UconnectPhone.com for device compatibility. [8] WiFi Hotspot does not enable direct communication between multiple in-vehicle devices. Factors affecting the performance of WiFi Hotspot include: cellular network, signal strength and quality, time of day, number of channels used by the service provider, type of connection, number of clients using WiFi Hotspot and client device. [9] Uconnect Access is available only on equipped vehicles purchased within the continental United States and Alaska. Services can only be used where coverage is available, see coverage map for details. For a complete list of Uconnect Access services, please visit www.driveuconnect.com/features/uconnect_access/packages. [10] Uconnect Access via Mobile uses your smartphone's existing data plan to access information online. To use via Mobile, you must have a compatible smartphone (with the Uconnect Access app installed and launched, visit UconnectPhone.com for compatibility) and you must fulfill all Uconnect Access registration and subscription requirements. Some applications must be configured on Mopar Owner Connect and may require an account. Your trial begins the day you take delivery of your vehicle. Register as soon as possible. [11] Always check visually for vehicles prior to changing lanes. [12] Always look before proceeding; electronic drive aid is not a substitute for conscientious driving; always be aware of your surroundings. [13] ACC is a driver's convenience system, not a substitute for active driver involvement. The driver must remain aware of traffic conditions and be prepared to use the brakes to avoid collisions. [14] No system, no matter how sophisticated, can repeal the laws of physics or overcome careless driving actions. Performance is limited by available traction, which snow, ice and other conditions can affect. When the ESC warning lamp flashes, the driver needs to use less throttle and adapt speed and driving behavior to prevailing road conditions. Always drive carefully, consistent with conditions. Always wear your seat belt. [15] The Advanced Front Air Bags in this vehicle are certified to the new U.S. federal regulations for advanced air bags. Children 12 years old and younger should always ride buckled up in a rear seat. Infants in rear-facing child restraints should never ride in the front seat of a vehicle with a passenger front air bag. All occupants should always wear their lap and shoulder belts properly. [16] Always sit properly with the head restraint properly adjusted. Never place anything in front of the head restraint. [17] SiriusXM services require subscriptions, sold separately after the 12-month trial included with the new vehicle purchase. If you decide to continue your service at the end of your trial subscription, the plan you choose will automatically renew and bill at then-current rates until you call SiriusXM at 1-866-635-2349 to cancel. See SiriusXM Customer Agreement for complete terms at www.siriusxm.com. All fees and programming subject to change. Our satellite service is available only to those at least 18 and older in the 48 contiguous USA and D.C. Our Sirius satellite service is also available in PR (with coverage limitations). Our Internet radio service is available throughout our satellite service area and in AK and HI. ©2013 Sirius XM Radio Inc.
