

FEEL ALIVE®

Can the soul of a car company touch the heart of its drivers?

We believe so.

And have made it our pursuit.

Our passion.

Each day it inspires us.

To be inventive.

To push the limits.

To perpetually improve.

And guides us.

To breathe life into metal.

Transform light into art.

Tune engines to a feeling.

And form a bond between human and machine.

Over the last 100 years, we've been putting ingenuity before conventional thinking.

Expressed on the road.

And on the track.

Using technology to enhance our touch. Not replace it.

To not just build a car.

But create a connection.

One that begins the moment you see it.

And grows stronger every time you get behind the wheel.

Until you no longer feel like you're driving.

You feel alive.

THE MAZDA6

Truly beautiful design goes beyond simply being aesthetically pleasing. It invites action. With its sleek seductive profile, the Mazda6 demands to go to new places. For you to see more. Feel more. And expand your possibilities. Inside, the available ambient LED cabin lighting highlights an elegant cabin perfectly set to host new experiences and entertain bold ideas. With every glance, every curve and every mile, there is always more to discover and be inspired by.

KODO: "SOUL OF MOTION"

A bold conviction. Born from our obsession to create beautiful vehicles. Expressed through our design language called Kodo: "Soul of Motion." Capturing movement, even at a standstill. Simplified characteristics that embrace the Japanese philosophy of essentialism. This compelling evolution in our design aesthetic pursues beauty through subtraction and purity. Reflections of light across its surface create more complex and intriguing shapes.

THE ART OF SEDUCTION

Each element of our design process is intentional. Including the paint. Before a single drop of color is applied, master painters first perfect their technique by hand. Ensuring the surface of the Mazda6 has depth and saturation. Illuminating the curves and characteristics of our Kodo design. They apply color with the precision of highly sharpened senses. The machines used to paint the Mazda6 are calibrated to replicate the exact movement of this human technique. Our daring array of lustrous finishes may be the final touch on the Mazda6, but it is the first thing that will catch your eye.

DESIGN THAT IGNITES YOUR SENSES

Bold in its intention, the Mazda6 Carbon Edition is a captivating expression of our Kodo design language. Its sophisticated Polymetal Gray paint reveals new dimensions to the sculpted exterior. Its 19-inch alloy wheels, side mirrors and rear decklid spoiler are finished in black to provide a refined accent. Inside, the cabin's seats are trimmed in red leather, and make a purposeful statement. A revelatory experience, inspiring you to embrace what's next.

2021 Mazda6 Carbon Edition shown

IT'S A MARK OF PRIDE. A SYMBOL OF DEVOTION.

Nowhere is our commitment to craftsmanship and mastery more pronounced than in the Mazda6 Signature. Ultrasuede® adorns the doors and dashboard and radiates a subtle gold sheen, using a technique similar to that which is used to make ornate kimonos. Natural materials like supple Nappa leather and Japanese Sen wood, often used for furniture and musical instruments, reward your senses. And leave you in a better state of mind after every drive.

DESIGN WITH A SINGLE FOCUS: YOU.

For decades, we've studied the human body: how it moves, sensations of touch, sound and sight, muscle and skeletal structure. Every consideration has been made so the Mazda6 feels as if it were built just for you. Effortlessly responding to your direction. This is the human-centric design philosophy known as Jinba Ittai—horse and rider as one.

Our seats further enhance this connection and are shaped to maintain a more comfortable and relaxed posture, and provide natural balance. The driving experience has been engineered to consider the way the human body moves naturally, so that the car exhibits a calming sense of poise, handling and comfort. You feel as though your Mazda is an extension of your body. Leaving you feeling energized. Rejuvenated. You, at one with your Mazda.

A MORE POWERFUL YOU

While performance can be quantified, emotions cannot. The available Skyactiv®-G 2.5 Turbo engine delivers up to 250 hp¹. And for this year, it has been further refined to produce up to 320 lb-ft of torque! Impressive numbers, but their true value comes to life when you experience the pure driving joy of the Mazda6 firsthand. Our Skyactiv-Drive 6-speed automatic transmission is geared to deliver power when and where you need it most. So each drive is more responsive, expressive and enjoyable.

¹ 250 hp and 320 lb-ft of torque with 93 octane fuel. 227 hp and 310 lb-ft of torque with 87 octane fuel.

FEELING IS BELIEVING

Driving should reward the senses, not confuse them. G-Vectoring Control Plus is an innovative technology that is always working in the background, using subtle weight shifts and individual brake inputs to make the steering response more consistent and intuitive. Curves will feel more natural. And you'll feel more confident.

TO HEIGHTEN YOUR SENSES,
WE CREATED A FEW OF OUR OWN.

Technology that works in concert with the driver, to help you stay in the moment, and be one with your Mazda. This is the thinking behind the intelligent i-Activsense® suite of safety features. Blind Spot Monitoring¹ and Rear Cross Traffic Alert¹ are designed to help you avoid collisions. Mazda6 Signature adds standard Smart City Brake Support-Reverse² which can automatically apply the brakes if needed when in reverse, and Driver Attention Alert³ to further enhance your awareness of the road around you. These advanced innovations seamlessly integrate with your Mazda6, so you can experience the joy of every drive.

¹ Always check your mirrors. Be aware of the traffic around you. There are limitations to the range and detection of the system. Please see your Owner's Manual for further details. ² Smart City Brake Support-Reverse operates under certain conditions between about 2 and 4 mph when an obstruction is detected at the rear of the vehicle. It is not a substitute for safe and attentive driving and is only designed to reduce damage in the event of a collision. There are limitations to the operation and detection of the system. Please see your Owner's Manual for further details. ³ Driver Attention Alert operates under certain driving conditions above 40 mph. It is not a substitute for safe and attentive driving. There are limitations to the range and detection of the system. Please see your Owner's Manual for further details.

MAKE A SMARTER CONNECTION

Your inspiration. Your space. This is the driver-centric cabin of the Mazda6. Every control is perfectly placed, intuitively within your reach, so you can stay focused on the road ahead. The instrument panel is precisely crafted to minimize distraction. An 8-inch center display shows music details, maps and more, with clarity. The center console and Commander control are positioned for optimal comfort of the wrist and forearm. And for select Mazda6 vehicles, including the Mazda6 Signature, the Mazda Connect™ Infotainment System features Android Auto™ compatibility¹, and a wireless connection to Apple CarPlay™ for your compatible iPhone® (shown)¹. Communication between you and your vehicle becomes second nature—by design.

MyMazda App shown. Compatible phone required.

¹ Apple CarPlay shown while using iOS 13. Requires compatible phone and standard text and data rates apply. Third-party interface providers are solely responsible for their product functionality and third-party terms and privacy statements apply. Don't drive while distracted or while using a hand-held device. Android and Android Auto are trademarks of Google LLC. Apple CarPlay, iPhone and Siri are trademarks of Apple Inc.

BALANCING SILENCE AND SOUND

Sometimes silence is just as important as sound. The Mazda6 is engineered to help insulate you from distracting outside noise, while still allowing for sounds from the road and engine so your connection to the drive is heightened. Your levels of stress and fatigue are lowered. It's all about shielding you from all that is unnecessary, so you can focus on what will bring you joy: exceptional driving.

And when that drive requires a soundtrack, this acoustically considered cabin also allows the available Bose® audio system to take center stage, with 11 speakers working in concert to provide a detailed, crystal-clear listening experience.

THE HUMAN TOUCH

The Mazda Takumi are the artisans and craftsmen who hone their skills for years, even decades, to achieve mastery. From their first sketch to the final stitch, their passion, patience and dedication are poured into every vehicle. The Takumi master clay modelers are so highly skilled that they instinctually carve the shape of the vehicle from a block of clay—sometimes with their eyes closed—ensuring every curve is pleasing to not only the eyes, but to the touch as well. Exhaustive efforts are made to perfect the outcome of their design. Leaving you with their very best. From designer to driver, this connection ultimately creates an enriching emotional bond between you and your Mazda.

A TAILORED SPACE

No surface overlooked. No stitch ignored. It is this attention to detail that strengthens the connection between you and your Mazda. With available features that include an 8-way power-adjustable driver's seat, a heated steering wheel, heated and ventilated front seats, and heated rear seats, every aspect of the Mazda6 has been designed to provide a personalized level of comfort. A space that restores. Invigorates. Crafted just for you.

Every Mazda is designed to inspire.

We refine, so you can focus on the essential.

Our measurements are emotions. Our stats, stories.

Each decision is made to heighten your mood, your senses and your abilities.

Because to us, the road is a source of discovery, to which there is no end.

MAZDA. FEEL ALIVE.®

MAZDA6 SPORT

AVAILABLE EXTERIOR COLORS¹

STANDARD FEATURES INCLUDE:

SKYACTIV®-G 2.5 DOHC 16-valve 4-cylinder engine
 SKYACTIV-Drive 6-Speed automatic transmission with manual shift and Sport modes
 SKYACTIV-VEHICLE DYNAMICS with G-Vectoring Control Plus

¹ Available exterior colors, some available at extra cost, vary based on vehicle and trim combinations. Visit MazdaUSA.com to see all the vibrant color choices available. ² Don't drive while distracted. Even with voice commands, only use Mazda Connect™/other devices when safe. Some features may require cellular or Wi-Fi service; some features may be locked out while the vehicle is in motion. Not all features are compatible with all phones. Message and data rates may apply. ³ Requires compatible phone and standard text and data rates apply. Third-party interface providers are solely responsible for their product functionality and third-party terms and privacy statements apply. Don't drive while distracted or while using a hand-held device. Android and Android Auto are trademarks of Google LLC. Apple CarPlay, iPhone and Siri are trademarks of Apple Inc. ⁴ Always wear your seat belt and secure children in the rear seats in appropriate child restraints. ⁵ Dynamic Stability Control (DSC) is an electronic system designed to help the driver maintain control under adverse conditions. It is not a substitute for safe driving practices. Factors including speed, road conditions and driver steering input can all affect whether DSC will be effective in preventing loss of control. Please see your Owner's Manual for further details. ⁶ Always check your mirrors. Be aware of the traffic around you. There are limitations to the range and detection of the system. Please see your Owner's Manual for further details. ⁷ Smart Brake Support with Collision Warning operates under certain conditions above 10 mph. It is not a substitute for safe and attentive driving and is only designed to reduce damage in the event of a collision. There are limitations to the range and detection of the system. Please see your Owner's Manual for further details. ⁸ Advanced Smart City Brake Support with Day and Night-time Pedestrian Detection operates under certain conditions between about 2 and 50 mph when object is a vehicle and between about 6.2 to 50 mph when the object is a pedestrian. It is not a substitute for safe and attentive driving and is only designed to reduce damage in the event of a collision. There are limitations to the operation and detection of the system. Please see your Owner's Manual for further details. ⁹ Mazda Radar Cruise Control (MRCC) with Stop & Go is not a substitute for safe and attentive driving. There are limitations to the range and detection of the system. Driver action is required to resume MRCC with Stop & Go after a complete stop. Please see your Owner's Manual for further details. ¹⁰ Lane Departure Warning System and Lane-keep Assist operate under certain conditions above 37 mph. Neither system is a substitute for safe and attentive driving. There are limitations to the range and detection of each system. Please see your Owner's Manual for further details. ¹¹ Rearview camera does not provide a comprehensive view of the entire rear area of this vehicle. Always check your surroundings. ¹² SiriusXM audio and data services each require a subscription sold separately, or as a package, by Sirius XM Radio Inc. If you decide to continue service after your trial, the subscription plan you choose will automatically renew thereafter and you will be charged according to your chosen payment method at then-current rates. Fees and taxes apply. To cancel you must call SiriusXM at 1-866-635-2349. See SiriusXM Customer Agreement for complete terms at www.siriusxm.com. All fees and programming subject to change. Current information and features may not be available in all locations. Sirius, XM and all related marks and logos are trademarks of Sirius XM Radio Inc. ¹³ 360° View Monitor may not provide a comprehensive view of the entire surrounding area of this vehicle. Always check your surroundings visually. Please see your Owner's Manual for further details. ¹⁴ Always check your mirrors. Be aware of your surroundings. There are limitations to the range and detection of the system. Please see your Owner's Manual for further details. ¹⁵ Traffic Sign Recognition System is not a substitute for safe and attentive driving. Factors including weather and condition of the traffic sign can impact recognition or display of the sign. Always check traffic signs visually while driving. Please see your Owner's Manual for further details. ¹⁶ Mobile 911 automatically calls 911 from a paired hands-free device when a moderate to severe collision is detected. Specific phone settings are required. There are limitations to the system. Please see your Owner's Manual for further details. ¹⁷ Smart City Brake Support–Reverse operates under certain conditions between about 2 and 4 mph when an obstruction is detected at the rear of the vehicle. It is not a substitute for safe and attentive driving and is only designed to reduce damage in the event of a collision. There are limitations to the operation and detection of the system. Please see your Owner's Manual for further details. ¹⁸ Driver Attention Alert operates under certain driving conditions above 40 mph. It is not a substitute for safe and attentive driving. There are limitations to the range and detection of the system. Please see your Owner's Manual for further details. **PRODUCT CHANGES AND OPTIONS AVAILABILITY:** Following publication of this brochure, certain changes in standard equipment, options, prices and the like—or product delays—may have occurred which would not be included in these pages. Your Mazda Dealer is your best source for up-to-date information. Mazda reserves the right to change product specifications at any time without incurring obligations.

SELF-EXPRESSION AT EVERY LEVEL

Mazda has created thoughtfully designed accessories that perform seamlessly with your Mazda6. From the All-Weather Floor Mats¹ (shown) to the Cargo Net, Mazda accessories consider every aspect of driving down to the finest detail. When installed by your Mazda Dealer, Genuine Mazda Accessories carry the same New Vehicle Limited Warranty² as your new Mazda. For a full list of Genuine Mazda Accessories for your Mazda6, please visit Accessories.MazdaUSA.com.
