

2021 Hyundai

VENUE

VENUE SEL Premium Package in Scarlet Red Pearl

Street smart.

With savvy design, smart technology and sophisticated safety features, Venue is the small SUV with big city hustle. Available in three trims – SE, SEL or Denim – Venue’s fresh attitude is obvious the instant you glance at its chiseled angles, cascading mesh grille or available two-tone roof.

Step inside, and Venue plays host with seating for five and party favors like Apple CarPlay® and Android Auto™. Plug your smartphone into a USB port, and familiar icons for accessing your music playlists, maps, text messages and more appear on Venue’s standard 8” touchscreen.¹

¹Apple CarPlay works with iPhone 5s, iPhone 5c, iPhone 5 and later models running the latest version of iOS 7 and above. Apple and Apple CarPlay are registered trademarks of Apple Inc. Android Auto works with smartphones running on Android 5.0 Lollipop and higher. Android, Android Auto, Google Play and other marks are trademarks of Google Inc. ²Safety features vary by model. For details, refer to the Features chart in the back of this brochure or visit HyundaiUSA.com. ³Forward Collision-Avoidance Assist (FCA) with Pedestrian Detection helps detect pedestrians, but not in all conditions. FCA is designed to assist drivers to avoid, or reduce the severity of, collisions with cars that have slowed or stopped in front of them. It is a supplemental assist and does not replace the need for extreme care and attention by the driver. FCA may not stop the vehicle completely and will not avoid all collisions. See Owner’s Manual for further details and limitations. ⁴Lane Keeping Assist operates only when the lane markings are clearly visible on the road. It will not work under all circumstances and will not prevent loss of control. It is a supplemental assist and does not replace the need for extreme care and attention by the driver. See Owner’s Manual for details and limitations. ⁵It is the driver’s responsibility to remain alert at all times. Driver Attention Warning is only a warning to inform the driver of a potential lack of driver attention or drowsiness. It does not detect and provide an alert in every situation. See Owner’s Manual for further details and limitations. ⁶Blind-Spot Collision Warning (BCW) assists the driver by warning of other cars in the blind-spot region when traveling over 20 mph. There are limitations to the function, range, detection and clarity of the system. Do not rely completely on BCW and be sure to use proper lane changing procedures. BCW may not detect every object or vehicle and will not prevent accidents. Rear Cross-Traffic Collision Warning (RCCW) is active when the vehicle is in reverse gear and operating at low speeds. It only engages during the first activation of reverse gear from park and may not detect all vehicles, depending on the size, angle, distance and speed of the other vehicle. Never rely exclusively on RCCW. Always look over your shoulder and use your mirrors to confirm rear clearance. See Owner’s Manual for further details and limitations.

When you’ve got cargo to carry or gear to pack, Venue shows off its flexibility with 60/40 split fold-down rear seats and an adjustable two-level cargo floor. Slide open the available power sunroof to make Venue feel even more spacious inside.

Ready to hit the road? Venue is too, with a fuel-efficient Smartstream 1.6L 4-cylinder engine and the availability of Drive Mode Select to customize your driving dynamics. Choose Normal, Sport or – when the road is slippery – Snow mode for enhanced traction control.

Road warrior.

Venue comes with Hyundai SmartSense, an array of safety technologies designed to help prevent accidents in the first place.² If a slowed vehicle or pedestrian is detected in front of you, Venue’s Forward Collision-Avoidance Assist with Pedestrian Detection issues an alert and applies emergency braking if necessary to help avoid a collision.³ Should you begin drifting outside of your lane without signaling, Lane Keeping Assist alerts you and actively engages the steering, nudging you back into your lane.⁴ A feature called Driver Attention Warning alerts you if fatigue or inattentiveness is detected in your driving behavior.⁵

Beyond these standard features, Venue is also available with Blind-Spot Collision Warning and Rear Cross-Traffic Collision Warning, which act as extra sets of eyes.⁶ Venue’s core safety engineering starts with a body constructed of advanced high-strength steel and zones designed to absorb and disperse impacts, helping to protect you and your passengers inside the cabin.

VENUE SEL Premium Package in Black Cloth

All packed and ready to go.

You like to be spontaneous. Venue does, too. So whether we're talking weekend escapes or workday commutes, it's ready to seize the day. Sit inside, and you'll feel as if Venue is an extension of your personality.

Like you, it's plugged in with USB, auxiliary and 12-volt outlets, along with a large touchscreen display located front and center. And like you, Venue knows how to keep its composure thanks to an available automatic temperature control that maintains preset cabin temperatures. Heated front seats are also available to help you take the chill off on cool mornings.

Venue also knows how to help you stay organized. Hyundai designers looked at all sorts of carry-on gear that needs to be concealed, then created innovative storage solutions. With the two-level cargo floor in the upper position, you can securely stow your stuff and still have lots of room available for the things your passengers bring along.

Now that you've put everything in its proper place, put yourself in the proper frame of mind. Just tap the touchscreen display to call up your favorite tunes from the playlists on your smartphone, then enjoy how great your music sounds on Venue's available 6-speaker audio system.

Automatic temperature control

Power tilt-and-slide sunroof

60/40 split-folding rear seats

Rear View Monitor with dynamic guidelines

Get closer to your Venue. Even from afar.

With Hyundai's available Blue Link[®] connected car technologies, Venue makes it easy to stay connected from wherever you are.¹ Simply download the MyHyundai app, and your smartphone becomes a remote control that lets you unlock your Venue's doors and start the engine before walking out the door.²

With your Amazon Echo[®] or Google Home[™] device, you can use voice commands to set Venue's cabin temperature from the comfort of your couch or kitchen.³ Blue Link's Guidance package lets you search for addresses or points of interest on your smartphone, then download the driving directions to Venue's available navigation system before you slip behind the wheel.⁴

Then there's Blue Link Connected Care. Like all Blue Link packages, it's complimentary for your first three years and offers exceptional peace of mind. If you're in an accident and the airbags deploy, your Venue automatically calls for help in a heartbeat.⁵ You can also push the SOS button on your rearview mirror for emergency assistance 24/7, 365 days a year.⁶ Visit hyundai-bluelink.com for more information on the complete list of innovative features Blue Link puts at your fingertips.

Blue Link remote access with Amazon Echo

8" touchscreen display

Dual front USB charge ports

¹Select 2021 Venue models are available with 3 years of the Blue Link Connected Care, Remote and Guidance (factory-equipped navigation required) packages. All trials require an active Blue Link subscription agreement subject to the Connected Services Terms and Conditions. Three-year term starts from the new vehicle date-of-first-use, is available for new vehicle purchases and leases, and is transferable to subsequent owners subject to the Terms and Conditions. Only use Blue Link and corresponding devices when safe to do so. Cellular and GPS coverage is required. Features, specifications and fees are subject to change. For more on details and limitations, visit HyundaiUSA.com or your authorized Hyundai dealer. ²Requires Blue Link Remote package and vehicles equipped with push button start. ³Requires Blue Link Remote package and vehicles equipped with automatic temperature control. Amazon, Alexa and all related logos and motion marks are trademarks of Amazon.com, Inc. or its affiliates. Google Assistant and Google Home are trademarks of Google Inc. ⁴Requires Blue Link Guidance package and vehicles equipped with navigation system. ⁵Blue Link agents will contact existing emergency service responders. ⁶Requires active Blue Link subscription with Connected Care package. ⁷EPA estimates for comparison only. Mileage may vary. Your actual mileage will vary with options, driving conditions, driving habits and the vehicle's condition.

Automatic Emergency Assistance
Blue Link Connected Care offers 24/7 SOS Emergency Assistance and Automatic Collision Notification that calls for help if you're in an accident where airbags deploy.

On-Demand Diagnostics
Run vehicle diagnostics from your Venue's touchscreen display, report issues at the press of a button and receive Monthly Vehicle Health Reports or maintenance reminders by email.

Customizable Alerts
Proud parent of a teenage driver? Blue Link lets you set geofence, curfew and speed alerts so you can relax when your loved ones are on the road.

Car Finder
Our Car Finder smartphone app feature lets you navigate your way through a crowded parking lot back to your Venue.

Service Link
Conveniently schedule your vehicle for service from the driver seat of your Venue or your MyHyundai smartphone app.

Remote Controls
Use your smartphone, home assistant or wearable device to remotely start your Venue's engine, unlock the doors, set the cabin temperature and more.
