

2020 Hyundai

PALISADE

Your plans for the future just got bigger. And better.

You've got a pretty clear idea of where you and your family are headed. You just need a better way to get there: Introducing the all-new 2020 Hyundai Palisade.

The spacious 3-row Palisade SUV reflects our core belief in the power of better. Palisade is all about new ideas for smarter and more stylish designs. Friendlier technologies. And safer, more secure driving.

As our new flagship SUV, Palisade is not just better, but bigger too. It's big on room, with a choice of 7- or 8-passenger seating capacity across three wide rows. It's big on efficient power, with a new 3.8L GDI V6 engine that generates up to 291 horsepower with an EPA-estimated 26 MPG on the highway.¹ And it's big on making things happen, with available HTRAC All Wheel Drive, a towing capacity of up to 5,000 pounds, and up to 86.4 cubic feet of usable cargo space.

Palisade is especially big on comfort and convenience – check out the easy 3rd-row access offered by one-touch sliding 2nd-row seats. And the power-folding/reclining seating that's available in the 3rd row. Available premium features like a hands-free smart liftgate, dual sunroof, wireless device charging and seven USB outlets are complimented by an arsenal of Hyundai SmartSense safety technologies – many of which come standard on every Palisade trim level.

So go ahead and start making plans. The bigger, the better.

“...a tantalizing new option for families looking for a big, flexible, and amenity rich crossover SUV.”²
– Kelley Blue Book's KBB.com

¹EPA estimates for comparison only. Mileage may vary. Your actual mileage will vary with options, driving conditions, driving habits and the vehicle's condition. ²From "2020 Hyundai Palisade First Review" on Kelley Blue Book's KBB.com. PALISADE Limited in Steel Graphite

Put family first. By putting yours in a Hyundai Palisade.

The first time you and your family all sit down inside your new Palisade, don't be surprised if some of you sense déjà vu, like you've somehow been there before. Because in a sense, you have. Hyundai designers imagined a family just like yours when they carefully arranged everything inside the versatile, comfortable and connected Palisade interior. So whether you're settling into the front, 2nd or 3rd row, you'll feel instantly at home.

Up front, the legroom is exceptional – even greater than some full-size SUVs. Heated 8-way power-adjustable front seats are available with ventilation and power lumbar support. Palisade's one-touch sliding 2nd row makes it easy to access a 3rd row that features available power fold and recline when you want to quickly make room for cargo. Both 2nd and 3rd rows offer dedicated climate control vents and a roof vent diffuser that quietly streams an evenly distributed flow of air to your rear passengers. All of the cabin air is refreshed by an available CleanAir Ionizer.

Need to get power to your people? Seven USB charging ports and a wireless charging pad are available on Palisade SEL and standard on Palisade Limited. There's a massive amount of storage in the center console and at every seating position, too. Need to make an announcement to your whole crew? A conversation mirror and available Driver Talk in-car intercom make it easy for the captain to speak to 3rd-row passengers from the flight deck. There's even a feature called Rear Seat Quiet Mode that mutes the rear speakers for sleepy passengers.

*“A well-executed three-row SUV, the Palisade shows Hyundai's SUV game is strong.”¹ – *Automobile**

Wide-Open Possibilities

Easy-to-fold rear seats create a cavernous 86.4 cu-ft cargo space that, together with an available height-adjustable hands-free smart liftgate,² opens your weekend to endless possibilities.

8-passenger seating

3rd-row power fold and recline buttons

Driver Talk in-car intercom

Hands-free smart liftgate

¹"The 2020 Hyundai Palisade Is Exactly What It Needs to Be," December 2018. ²The hands-free smart liftgate will open when your Proximity Key is within 3 feet of the detection area for at least 3 seconds. Radio transmitters and other vehicle smart keys may interfere with normal operation. Standard on Limited, available on SEL models. Please consult your Owner's Manual for details.

PALISADE Limited in Dark Brown/Beige Nappa Leather

¹From "2020 Hyundai Palisade First Review" on Kelley Blue Book's KBB.com.
Kelley Blue Book is a registered trademark of Kelley Blue Book Co., Inc.

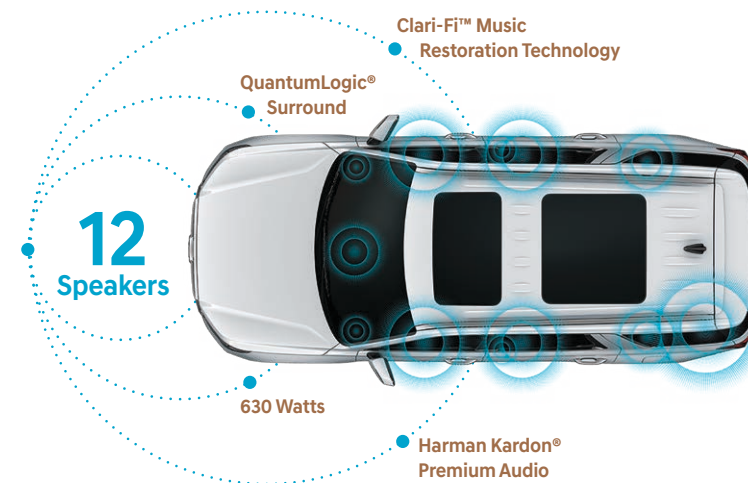

Welcome to the Palisade wellness center.

Step inside Palisade Limited, and the sense of relaxation is profound. Ventilated front seats and 2nd-row captain's chairs clad in buttery leather are just the beginning. Palisade elevates the modern aesthetic of Hyundai design with high seating positions and commanding wraparound views – not only of what's in front of you, but above you as well thanks to an expansive dual sunroof.

That leather trim? It's a supple premium Nappa leather that's sewn into a visually distinctive quilted pattern on the upper seats and door panels. The premium trim is also smooth and natural-looking, adding to the serene character of your surroundings.

Another way Palisade creates calm is with the elegant design of its switches and controls, including a signature 12.3" digital instrument display. Glance up, and a 10.25" high-resolution touchscreen with navigation offers a split-screen display that lets you easily see everything from media and maps to weather reports and more. There's even a full-color Heads-up Display that projects critical driving data onto the windshield for at-a-glance updates.

As the social director of your crew, you'll be looking down the road in anticipation of each new family adventure. So get that music playlist ready – Palisade's powerful Harman Kardon® premium audio system uses QuantumLogic® Surround to transform your cabin into a sparkling multi-channel soundstage. It also features Clari-Fi™ Music Restoration Technology, which enhances digital audio during playback to restore sound qualities lost in today's compressed streaming playlists or satellite radio.

"Then there are the amenities, which delve into premium territory and are class-exclusive."¹
– Kelley Blue Book's KBB.com

How would you like your Palisade this morning?

A Drive Mode Select feature lets you match your morning commute to your mood simply by turning a knob on the center console. Feel like taking it easy? Select Comfort mode, and the performance personality of your Palisade adjusts so the engine, transmission and other systems favor a smoother response.

Feel like taking it easy on gas? An Eco mode alters performance for peak fuel efficiency. Want to pick up the pace? Sport mode sharpens the steering and throttle response for more dynamic driving. Like your Palisade with a dash of snow? The system's new Snow mode tunes your traction for wintry conditions.

Whatever mode you choose, the power you feel pours from an innovative new 3.8L GDI V6 engine and smooth push-button Shift-by-Wire 8-speed automatic transmission (complete with steering-wheel-mounted paddle shifters). It's a clean, efficient powertrain that runs in both Atkinson and conventional cycles using regular unleaded fuel. It's also incredibly potent, delivering up to 291 horsepower with a towing capacity of up to 5,000 pounds.

Driver-selectable HTRAC All Wheel Drive is available with all trim levels for confident control in inclement weather. Press the AWD Lock button, and Palisade splits the delivery of power between the front and rear wheels for added traction over rough terrain. Descending a steep mountain road? Downhill Brake Control helps HTRAC AWD maintain traction without having to continually press the brake pedal.

Level The Playing Field

The optimized geometry of a multi-link rear suspension helps ensure you're in control through the curves and composed over rough roads. Swap Palisade's stylish 18" alloy wheels for available 20" wheels, and the rear suspension includes an auto-leveling feature as well.

PALISADE Limited in Steel Graphite

¹ Forward Collision-Avoidance Assist (FCA) with Pedestrian Detection helps detect pedestrians, but not in all conditions. FCA is designed to assist drivers to avoid, or reduce the severity of, collisions with cars that have slowed or stopped in front of them. It is a supplemental assist and does not replace the need for extreme care and attention by the driver. FCA may not stop the vehicle completely and will not avoid all collisions. See Owner's Manual for details. ² Smart Cruise Control (SCC) is not a collision avoidance or warning device. SCC is for highway use only and should not be used in poor weather, heavy or varying traffic, or on winding or slippery roads. The driver remains responsible to slow or stop the vehicle to avoid a collision. SCC initiates a full stop when the traffic ahead stops and reengages if the vehicle ahead moves forward within 3 seconds. See Owner's Manual for details. ³ Lane Keeping Assist operates above approximately 44 mph and only when the lane markings are clearly visible on the road. It will not work under all circumstances and will not prevent loss of control. It is a supplemental assist, and does not replace the need for extreme care and attention by the driver. See Owner's Manual for details. ⁴ Do not rely completely on Blind-Spot Collision-Avoidance Assist (BCA) and be sure to use proper lane changing procedures. BCA may not detect every object or vehicle and will not prevent accidents. BCA provides an audible and visual alert if the turn signal is activated and another vehicle in the blind spot is sensed. There are limitations to the function, range, detection and clarity of these systems. See Owner's Manual for details. ⁵ AutoGuide 10 Best Vehicle and Technology Innovations copyrighted 2018 VerticalScope Inc. When the vehicle is parked, Safe Exit Assist (SEA) can alert occupants planning to exit the vehicle when a vehicle is approaching from behind. When Child Locks are active, SEA helps prevent the rear doors from opening if a vehicle approaching from behind is detected. All doors must be closed for Safe Exit Assist to operate. Functionality is retained for 10 minutes after the ignition is turned off. Opening the door switches Safe Exit Assist off. See Owner's Manual for details. ⁶ Rear Cross-Traffic Collision-Avoidance Assist is active when the vehicle is in reverse gear and backing at a speed less than 6 mph. Never rely exclusively on the Rear Cross-Traffic Collision-Avoidance Assist. Always look over your shoulder and use your mirrors to confirm rear clearance. There are limitations to the function, detection, range and clarity of the system. See Owner's Manual to learn more. ⁷ Blind View Monitor (BVM) assists the driver in changing lanes by providing a live view of the blind spots on either side of the vehicle and an audible alert if another vehicle is detected. Turn signal must be activated, and other system limitations apply. Do not rely exclusively on BVM. It is the driver's responsibility to be aware of the surroundings and ensure it is clear before changing lanes or directions. See Owner's Manual for more information. ⁸ 2019 TOP SAFETY PICK for 2019 Accent, Elantra GT, Ioniq Hybrid, Ioniq Plug-in Hybrid (built after July 2018), Tucson, and Santa Fe XL. 2019 TOP SAFETY PICK+ for 2019 Elantra (built after September 2018), Sonata, Kona and Santa Fe as of May 2019. For details visit www.iihs.org.

SmartSense has your back. And front. And sides.

Because nothing's more important than the safety of your family, we gave Palisade everything we've got. Check out Hyundai SmartSense, an array of advanced technologies engineered to help protect you from every angle.

Forward Collision-Avoidance Assist with Pedestrian Detection,¹ Smart Cruise Control with Stop & Go² and High Beam Assist scan the road ahead. Lane Keeping Assist,³ along with available features like Blind-Spot Collision-Avoidance Assist⁴ and Safe Exit Assist⁵ (one of AutoGuide's 10 Best Vehicle and Technology Innovations for 2018) monitor your flanks. Behind you, a rearview camera and available Rear Cross-Traffic Collision-Avoidance Assist⁶ have your back.

Palisade's bold character lines are forged with copious amounts of advanced high-strength steel to help maximize passenger protection in a collision. To avoid collisions from happening, Limited models feature two more innovations – a Surround View Monitor that helps manage tricky parking maneuvers, and a Blind View Monitor⁷ that helps negotiate lane changes by showing views of either blind spot on Palisade's instrument display after you activate your turn signal.

Superlative Safety Credentials

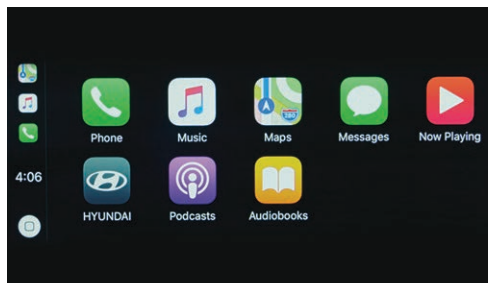

Given the suite of safety technologies engineered into every Hyundai, it's no surprise that 10 different Hyundai models equipped with Forward Collision-Avoidance Assist and specific headlights earned an IIHS 2019 Top Safety Pick+ or Top Safety Pick rating – one of the industry's highest safety honors.⁸

Starting your Palisade via remote control? That's just the beginning.

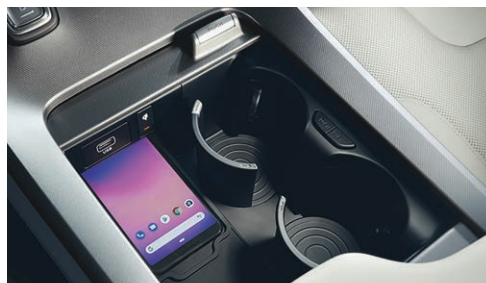

We know how connected you are to your smartphone. So we made sure that connection extends to Hyundai's award-winning Blue Link® connected car features.¹ By downloading the free MyHyundai app, your smartphone becomes a remote control capable of locking or unlocking your Palisade's doors, starting the engine – even choosing a memory seat setting – before you walk out the door.² With your Amazon Echo® or Google Home™ device, you can also use voice commands to start the engine and set the cabin temperature in your Palisade from the comfort of your couch or kitchen.³

Blue Link Guidance lets you search, download and navigate to addresses and points of interest using voice commands with Palisade's available navigation system or your smartphone before entering your Hyundai.⁴ More good news – Apple CarPlay® and Android Auto™ come standard on every Palisade model.⁵ So you can use the large touchscreen display or simple voice commands to access maps and navigation, your phone's contact lists, texts, calls, your music library and more.

And then there's Blue Link Connected Care. Complimentary for your first three years, it offers exceptional peace of mind. Wherever you may roam, trained operators are standing by to provide emergency roadside assistance in the event of an accident where airbags are deployed.⁶ Your Blue Link app can even help law enforcement recover your Palisade if it's ever stolen. Visit hyundaibluelink.com for more information on the complete list of innovative features Blue Link puts at your fingertips.

Apple CarPlay

Wireless device charging

Automatic Emergency Assistance

Blue Link Connected Care offers 24/7 SOS Emergency Assistance and Automatic Collision Notification that calls for help if you're in an accident where airbags deploy.

On-Demand Diagnostics

Run vehicle diagnostics from your Hyundai's touchscreen, report issues at the press of a button and receive Monthly Vehicle Health Reports or maintenance reminders by email.

Destination Send-to-Car

Use your smartphone to find restaurants or points of interest that may not be updated on your vehicle's maps, then send the destination to Palisade's navigation system.

Service Link

Conveniently schedule your Palisade for service from the driver seat or your MyHyundai smartphone app.

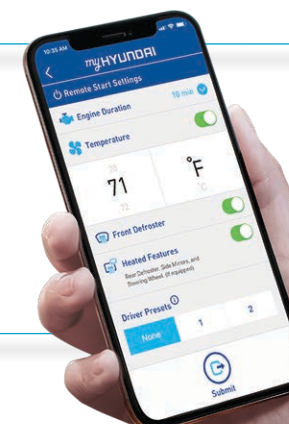

Car Finder

Our Car Finder smartphone app feature lets you navigate your way through crowded parking lots back to your Palisade.⁷

Remote Controls

Use your smartphone, home assistant or wearable device to remotely start your Palisade's engine, unlock the doors, set the cabin temperature and more.

¹ Not available with Palisade SE. 2020 Palisade vehicles include 3 years of the Blue Link Connected Care, Remote and Guidance (factory-equipped navigation required) packages. All trials require an active Blue Link subscription agreement subject to the Connected Services Terms and Conditions. Three-year term starts from the new vehicle date-of-first-use, is available for new vehicle purchases and leases, and is transferable to subsequent owners subject to the Terms and Conditions. Only use Blue Link and corresponding devices when safe to do so. Cellular and GPS coverage is required. Features, specifications, and fees are subject to change. For more on details and limitations, visit [hyundai.com](https://www.hyundai.com) or your authorized Hyundai dealer. ² Requires Blue Link Remote package. Not available on all models. Requires vehicles equipped with push button start and automatic transmission. Remote climate control available on properly equipped models with fully automatic temperature control. Remote stop only available when in remote start mode. ³ Amazon, Alexa and all related logos and motion marks are trademarks of Amazon.com, Inc. or its affiliates. Google, Google Home and other marks are trademarks of Google Inc. ⁴ Requires navigation-equipped vehicle and Blue Link Guidance package. ⁵ Apple CarPlay works with iPhone 5s, iPhone 5c, iPhone 5 and later models running the latest version of iOS 7 and above. Apple is a registered trademark of Apple Inc. Android Auto works with smartphones running on Android 5.0 Lollipop and higher. Android, Android Auto, Google Play and other marks are trademarks of Google Inc. ⁶ Blue Link agents will contact existing emergency service responders. ⁷ Smartphone GPS location must be within a 1-mile radius of your vehicle's location to display searched location.
