Quattroporte

Quattroporte. An icon of Italian elegance.

In 1963, Maserati made the bold move to introduce the first ever luxury sports sedan. Starting with a powerful V8 racing engine, engineers paired it with a beautifully designed luxury sedan and proudly presented it to the world. Thus, the first Quattroporte was born.

Quattroporte offers massive race-bred power from a V6 twin-turbo charged engine to the 580hp V8 Trofeo engine.

There's no better way to assert your arrival than with the restyled signature Trident grille. The new Quattroporte taillamps are inspired by the Giugiaro-penned Maserati 3200 GT "boomerang" rear lights that pioneered the use of LED in the industry. To emphasize their unique shape, state-of-the-art 3K injection moulding technology was employed to create a three-color lens.

A long wheelbase ensures a spacious, elegantly crafted cabin. Every comfort and convenience is provided, from hand-stitched Italian Pieno Fiore natural leather to cutting-edge driving assistance systems. Quattroporte also features a redesigned instrument cluster and a new 10.1-inch HD screen with Maserati Intelligent Assistant (MIA) multimedia system, which makes your driving experience even more intuitive and engaging.

As Maserati continues to shape the future of luxury grand touring, the masterful performance and bold refinement of our flagship will always remain.

Quattroporte V6

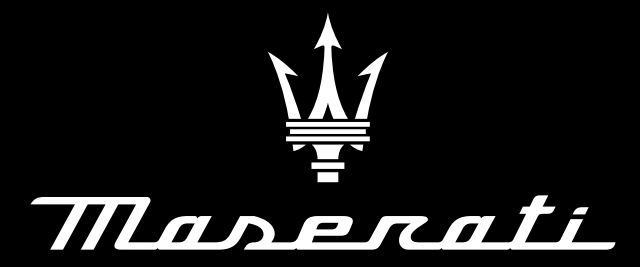

DIMENSIONS AND WEIGHTS	QUATTROPORTE S	QUATTROPORTE S Q4	QUATTROPORTE TROFEO
Length	5262 mm	5262 mm	5262 mm
