Presenting the ideal compact crossover

With a combination of the latest available amenities, outstanding performance, and advanced safety systems, the 2016 Sportage is the ideal compact crossover. For exceptional comfort and convenience, available features include ventilated front seats,* a panoramic sunroof,* and UVO eServices¹ Infotainment System* with voice-command navigation.^{1*} Sportage SX model's performance is equally impressive, thanks to the 260-horsepower, turbocharged 2.0L* Gasoline Direct Injection (GDI) engine. For your peace of mind, Sportage is equipped with a wide range of safety systems,[‡] including a Traction Control System (TCS) and Electronic Stability Control (ESC). Like all Kia models, Sportage comes with an industry-leading, 10-year/100,000-mile warranty program² — a testament to its outstanding quality and reliability.

1, 2, * See Features and Specifications pages for availability and endnotes. Not all optional features are available on all trims. [†]No system, no matter how advanced, can compensate for all driver errors, driving conditions, accidents, and/or injury. Always drive responsibly. Cover: EX WITH PREMIUM PACKAGE SHOWN. This page: SX SHOWN.

Where style meets comfort

Sportage provides spacious seating for five adults, and with plenty of headroom and legroom, everyone can relax and enjoy the drive. Thoughtfully designed features, including a tilt-and-telescopic steering column, and an available dual-zone air-conditioning system with a cluster ionizer* that helps to purify air in the cabin, allow driver and passengers to travel in all-day comfort.

3, * See Features page for availability and endnote. Not all optional features are available on all trims. Images shown for illustration only. EX WITH PREMIUM PACKAGE SHOWN.

COMFORTABLE FRONT AND REAR SEATING
Sportage is remarkably comfortable, thanks to an available six-way power-adjustable driver's seat* with power lumbar support,* complemented by two-position reclining rear seats and adjustable headrests.

DESIGNED FOR EVERYDAY CONVENIENCE
An available auto-dimming rearview mirror* automatically dims the glare of reflecting lights. It includes HomeLink,^{®3} which provides convenient one-touch control of your garage door, security gate, and more.

CONTEMPORARY STYLING
A sleek instrument panel highlights impressive interior styling. Sportage EX and SX provide the refinement of standard leather trim, and a leather-wrapped steering wheel and gearshift knob.

Everything you need to enjoy the drive

Sportage is equipped with a variety of features that just might make driving the highlight of your day. SiriusXM® Satellite Radio,⁴ steering-wheel-mounted audio controls¹ and available features like a premium Infinity^{®5} audio system* with seven speakers and a trip computer are designed to provide outstanding entertainment options as well as convenient everyday operation.

1, 4, 5, 6, * See Features and Specifications pages for availability and endnotes. Not all optional features are available on all trims. Images shown for illustration only. EX WITH PREMIUM PACKAGE SHOWN.

INFINITY^{®5} AUDIO SYSTEM*

The available Infinity^{®5} premium audio system* includes an external amplifier and a subwoofer. It provides exceptional audio entertainment and surrounds the driver and passengers with crisp, balanced sound.

SIRIUSXM[®] SATELLITE RADIO⁴

Enjoy 150 channels of commercial-free music, plus sports and news in your Kia during your 3-month SiriusXM All Access trial subscription, which also includes streaming 160+ channels on your computer, smartphone, and tablet.

BLUETOOTH[®] WIRELESS TECHNOLOGY⁶

With personal audio devices providing a greater variety of entertainment options, you'll enjoy streaming audio more than ever when using a compatible *Bluetooth[®]* wireless technology-enabled device.

Confidence-inspiring technology

Sportage is equipped with impressive systems dedicated to enhancing your daily drive. With available features that include the multifaceted UVO eServices¹ Infotainment System* and Rear-Camera Display,⁷ you can do everything from managing your entertainment options to monitoring your driving environment.

1. UVO — SHORT FOR “YOUR VOICE”

The available UVO eServices¹ Infotainment System* uses advanced voice-recognition technology to let you conveniently manage your music and enjoy hands-free¹ use of your phone — with simple, intuitive verbal commands. It provides you with an easy way to connect to your vehicle by seamlessly integrating your compatible smartphone⁸ with your Sportage. UVO eServices¹* can keep track of your vehicle’s parking location with Parking Minder,¹ and it allows you to use a web-enabled computer to send locations that you find on Google Maps™⁹ mapping service to the navigation system for route guidance. It also lets you stream music, monitor your vehicle’s driving habits, access 911 Connect¹⁰* or Enhanced Roadside Assist,¹¹* and check maintenance requirements with Vehicle Diagnostics¹²* on the large-capacitive touch screen.* Additionally, there are no subscription fees¹ to enjoy all these benefits.

2. UVO eSERVICES¹ APP

An available free app allows you to integrate your compatible smartphone⁸ with your vehicle — and make the most of UVO eServices!^{*} This app can be downloaded at the App Store^{SM13} and Google Play™⁹ Store.

4. STEERING-WHEEL-MOUNTED CONTROLS

You may operate a variety of features with the convenient steering-wheel-mounted controls,¹ including the audio system’s volume, mode selection, and all of the cruise control system’s functions.

3. USB/AUXILIARY MP3 JACKS

Now you have the freedom to listen to your favorite tunes from your own music library. An accessory cable, sold separately, integrates your iPod® mobile digital device¹⁴ with the audio-system controls.

5. REAR-CAMERA DISPLAY⁷

To help you see people and things behind your vehicle that you might not see by looking over your shoulder, Sportage features an available touch-screen Rear-Camera Display with a large, bright screen.

Features designed to empower

Sportage includes a wide array of features that provide you with an exceptional level of comfort, control, and convenience. Available systems like ventilated seats,* voice-command navigation,* power-folding outside mirrors,* and Rear Park Assist⁷* make everyday driving a pleasure.

6. ACTIVE ECO SYSTEM

Sportage features an efficient Active Eco System. With a push of the Active Eco button, it adjusts the engine and transmission calibration to help optimize fuel efficiency.¹⁵

10. POWER-FOLDING OUTSIDE MIRRORS*

To make parking in tight spots easier, the available power-folding outside mirrors are easily folded in or out by using a door-mounted control or the key fob.

7. VOICE-COMMAND NAVIGATION*

The convenient, available voice-command navigation system has a vivid color touch screen and delivers continuously updated highway conditions from SiriusXM Traffic.⁴*

11. HEATED & VENTILATED FRONT SEATS*

Enjoy optimal comfort in warm weather with available ventilated driver and front-passenger seats. Available heated front seats help ensure comfortable driving in cold weather.

8. REAR PARK ASSIST SENSOR⁷*

An available sonar system is concealed in the rear bumper. When you’re parking, it gives an audible warning if it detects certain objects close to your vehicle.

12. AUTO ON/OFF HEADLIGHTS

This available feature uses sensors to monitor ambient light and tell your Sportage when to automatically turn your lights on and off for you.

9. PUSH-BUTTON START*

For everyday convenience, the available Smart Key® remote lets you start or stop the engine with the push of a button, even when you have the key fob in your pocket or purse.

13. PANORAMIC SUNROOF*

Enjoy a feeling of spaciousness and fill the cabin with fresh air with the available panoramic sunroof. A power sunshade makes its operation quick and convenient.

1, 4, 7, 8, 9, 10, 11, 12, 13, 14, 15, * See Features and Specifications pages for availability and endnotes. Not all optional features are available on all trims. Images shown for illustration only. EX WITH PREMIUM PACKAGE SHOWN.

Enjoy room with a view

Sportage is roomy and versatile. The 60/40 split-folding rear seat easily reconfigures to create abundant cargo space.¹⁶ Numerous compartments help you keep your personal items readily at hand. A tilt-and-slide panoramic sunroof* is also available, allowing you to enjoy a feeling of spaciousness while filling the cabin with fresh air.

1. RECLINING 60/40 REAR SEAT The rear seat reclines into two positions, and easily folds down in a 60/40 split to provide comfort and versatility. **2. COOLING GLOVE BOX*** Along with providing a spot to carry small items, Sportage SX features a cooling glove box that lets you keep refreshments chilled. **3. CONVENIENT CONSOLE** The center console features a large storage area, where personal items can be kept close at hand, and includes illuminated cup holders. The lid serves as a comfortable padded armrest.

16, * See Features and Specifications pages for availability and endnote. Not all optional features are available on all trims. Images shown for illustration only. EX WITH PREMIUM PACKAGE SHOWN.

CONCEALED STORAGE A spacious compartment hidden beneath the cargo floor provides plenty of room for all kinds of equipment. The removable tray keeps any loose items neatly organized.

Dynamic performance

Sportage is engineered for outstanding performance. Sportage LX and EX have strong acceleration thanks to their 182-horsepower¹⁷ 2.4L Gasoline Direct Injection (GDI) engine. Sportage SX, with a turbocharged 260-horsepower 2.0L GDI I4 engine, delivers even more driving excitement. Sportage is available with Dynamax^{®18} fully active all-wheel drive;¹⁹ an advanced system that optimizes traction and stability for confident driving in varying conditions. Plus, Sportage's compact design and four-wheel independent suspension provide sporty handling and a remarkably smooth ride.

¹⁷, ¹⁸, ¹⁹ See Specifications page for endnotes. SX SHOWN.

DYNAMAX^{®18} FULLY ACTIVE ALL-WHEEL DRIVE¹⁹

Sportage has front-wheel or available Dynamax^{®18} fully active all-wheel drive. Dynamax^{®18} AWD is a technologically advanced system that proactively anticipates traction needs and then helps distribute power to the appropriate wheels, instead of reacting to a tire slip after it occurs. This innovative system monitors road conditions using electronic sensors combined with an intelligent control unit that continuously analyzes data from the vehicle controller. The result is enhanced stability and traction, providing you with increased confidence in varying driving conditions.

SMOOTH, PRECISE HANDLING

A four-wheel independent suspension features High-Performance Dampers, front MacPherson struts, and a rear multi-link design for a combination of smooth performance and precise handling.

SPORTMATIC[®] TRANSMISSION

A six-speed automatic transmission provides smooth, seamless shifting. Its Sportmatic[®] design allows you to choose automatic mode or, for a sportier driving experience, clutch-free manual shifting.

ADVANCED ENGINEERING

The GDI engine includes Dual Continuously Variable Valve Timing (D-CVVT), which automatically adjusts valve timing to help provide maximum power and reduce exhaust emissions.

Advanced safety systems —
because life is full of curves

NHTSA Overall 5-Star
Crash Safety Rating²⁰
FOR THE 2016 SPORTAGE AWD

Sportage features advanced safety systems designed to help give you peace of mind every time you drive. Each one is engineered to help you maintain control, even in harsh road conditions and in some emergency situations.[†] These safety systems are designed to function automatically, leaving you free to focus on safe driving.

ELECTRONIC STABILITY CONTROL (ESC)
ESC provides improved directional stability, which helps you maintain better control in difficult driving situations. During emergency maneuvers, it can control the engine and brakes to help keep your Sportage on course.

TRACTION CONTROL SYSTEM (TCS)
When TCS senses wheelspin during acceleration, it uses a combination of engine power and brake force to help transfer power to the wheels that have the most traction.

BRAKE ASSIST SYSTEM (BAS)
If BAS detects emergency braking, based on how quickly you step on the brake pedal, it applies full braking force, which helps shorten your overall stopping distance.

ELECTRONIC BRAKE-FORCE DISTRIBUTION (EBD)
To help maintain more consistent braking as vehicle loads and weight distribution change, EBD automatically adjusts the front-to-rear balance of brake pressure.

HILL-START ASSIST CONTROL (HAC)
To help keep your Sportage from rolling backward when starting off on a steep hill, HAC automatically holds the brake pressure for two seconds after you take your foot off the brake pedal.

DOWNHILL BRAKE CONTROL (DBC)
When descending a steep slope, the DBC system automatically maintains a steady speed without the need for you to step on the accelerator or brake pedals.

[†]No system, no matter how advanced, can compensate for all driver errors, driving conditions, accidents, and/or injury. Always drive responsibly. ²⁰ See Specifications page for endnote. EX WITH PREMIUM PACKAGE SHOWN.

Designed to help protect driver and passengers

Sportage is equipped with passive safety systems designed to help minimize injury when certain traffic accidents are unavoidable. An advanced airbag system helps protect driver and passengers with dual front, front seat-mounted side, and full-length side curtain airbags.²¹ Doors reinforced with steel beams further contribute to your peace of mind.

No system, no matter how advanced, can compensate for all driver errors, driving conditions, accidents, and/or injury. Always drive responsibly. Inflated airbags are shown for illustration only. ²¹ See Specifications page for endnote. EX WITH PREMIUM PACKAGE SHOWN.

AIRBAG & SEAT-BELT SENSORS

This advanced system monitors the severity of certain impacts, the presence of a front passenger, and seat-belt use, and then controls airbag inflation accordingly.²¹

ROLLOVER SENSOR

If the airbag sensors detect an impending rollover, this system can deploy the side airbags, side curtain airbags, and seat-belt pretensioners.

FRONT ACTIVE HEADRESTS

In the event of certain rear collisions, the active headrests move forward, helping to reduce the likelihood of injuries in some situations.

FRONT SEAT-BELT PRETENSIONERS

Pretensioners have been designed to tighten the front seat belts in the event of certain collisions. This helps to reduce the likelihood of injuries in some situations.

HEIGHT-ADJUSTABLE SEAT-BELT ANCHORS

The front height-adjustable seat-belt anchors allow the driver and front-passenger seat belts to be raised and lowered for a proper fit.

SIDE-IMPACT DOOR BEAMS

All doors are reinforced with steel beams to help absorb impact energy and deflect side-impact force. The A and B pillars are also reinforced, further helping to strengthen the body of the vehicle.

FRONT & REAR CRUMPLE ZONES

Front and rear crumple zones are specially engineered to help absorb and dissipate impact energy, helping to preserve the basic structural integrity of the passenger compartment in certain collisions.

LATCH SYSTEM

Sportage features easy-to-use Lower Anchors and Tethers for Children (LATCH) system. It is engineered to let you securely install a compatible child seat at either end of the rear seat.

Delivering on a promise

Kia is committed to producing world-class vehicles to suit most every driving need. This commitment has led to the development of stylish vehicles with an extraordinary combination of precision engineering, outstanding performance, innovative features, and advanced safety systems. Kia’s dedication to quality and value has been widely recognized — one reason why Kia has been named as a top 100 brand in Interbrand’s 2014 Best Global Brands report.²²

TAKING ON THE COMPETITION

The Kia Racing team is dedicated to competing against world-class competition — and winning. Motorsport is a proven test bed for reliability, durability, and performance, and the knowledge gained on the race track helps Kia manufacture award-winning vehicles that perform beyond your expectations. In only its third season of competition, the Kia Racing team won the 2014 Pirelli World Challenge GTS-Class Manufacturer Championship with two turbocharged Optimas — scoring 13 podium finishes, including five wins, during the 16-race season, and leading more on-track miles than any other brand.

COMMITMENT TO AMERICA

Kia Motors has invested over \$1.1 billion in its manufacturing plant in West Point, Georgia. Utilizing the latest manufacturing processes and state-of-the-art robotics, the plant produced its one millionth vehicle after less than four years of operation. The Sorento crossover and certain Optima midsize sedans are currently being assembled at this plant.¹ Together with on-site and local suppliers, the Georgia facility is responsible for the creation of more than 15,000 jobs in West Point and the surrounding areas. It’s all part of Kia Motors’ commitment to America — a commitment that is sure to grow and strengthen in the years ahead.

INDUSTRY-LEADING WARRANTY PROGRAM²

Kia engineers are passionate about producing vehicles that are exceptionally well designed and reliable. Their dedication to quality and attention to detail give Kia the confidence to back every model with an industry-leading warranty program.²

- 10-year/100,000-mile limited powertrain warranty
- 5-year/60,000-mile limited basic warranty
- 5-year/100,000-mile limited anti-perforation warranty
- 5-year/60,000-mile 24-hour roadside assistance

COMPELLING DESIGN

Kia vehicles have captured worldwide attention for their interior and exterior styling, which represents the collaborative work of designers who have created a look that makes every Kia as bold as it is distinctive. Today, the lineup consists of vehicles that fill owners, as well as Kia’s designers, with pride.
