MAKE a break for it and go somewhere unique. Bring your friends along and all their gear – you’ve got the room. Forget the itinerary, play it by ear with directions and music you can change on-the-fly. Pit stop: Catch that show downtown. Pull in to that tight spot, cameras all around your car make parking a piece of cake.¹ ² The 2016 Nissan Versa® Note.® Enjoy SOMETHING NEW.

1 2016 EPA Fuel Economy Estimate 40 highway MPG for Versa® Note® with Xtronic CVT.® Actual mileage may vary with driving conditions — use for comparison only.

What’s style without substance? Hours of testing in the wind tunnel make Versa® Note® both eye-catching and aerodynamically efficient, helping achieve up to 40 MPG highway.1 A low aero-drag underbody pairs with an available active grille shutter that closes at higher speeds to help further reduce drag. Even the taillights are strategically designed, with special vents that help guide air away from the vehicle to help minimize wind turbulence. Form and function meet in sweeping character lines that make cutting through wind a breeze, with a dramatically carved profile to complete the statement. What more could you ask for?

Surprisingly spacious and exceptionally accommodating, the Versa® Note® interior is the best of both worlds. Smart design helps minimize structural interference with the cabin, giving everyone ample room to spread out. Enjoy seating for five and 38.3 inches of rear leg room for even your tallest friends. While up front, the bolstered driver’s seat hugs you as you carve through the turns. Available features like a leather-wrapped steering wheel, double-stitched upholstery, and silver and chrome accents add a touch of class. Top it off with available heated front seats, and every trip will be as cozy as it is cool. Just don’t be surprised when your friends ask to carpool – again.
NISSAN DIVIDE-N-HIDE® ADJUSTABLE FLOOR
INNOVATION THAT GOES WITH THE FLOW.

When living in the moment is all part of the plan, Versa® Note® has your cargo needs covered with the super-versatile available Divide-N-Hide® Adjustable Floor.¹ Vintage coffee table? Day’s haul from the farmers’ market? Get creative with multiple configurations and 18.8 cubic feet of cargo space.¹ Rear 60/40 split seats let you bring friends, and oversized items. Or fold down both sides to create a flat cargo area. And you can even fold down the front passenger seat to make room for long items. No matter what the plan is, Versa® Note® is ready when you are.

¹Cargo shown for display purposes only. Cargo and load capacity limited by weight and distribution. Always secure all cargo.

Click the button to watch the Divide-N-Hide® Adjustable Floor in action. Or go to bit.ly/versanotedividenhide

Load it all in.
With the rear seats folded down, the available Divide-N-Hide® Adjustable Floor creates a flat cargo area.

Stow on the go.
Lower the floor to accommodate taller items at a moment’s notice—no removal required.

Protect from prying eyes.
Lift up the adjustable floor and you’ll find a convenient hiding place that helps keep valuables out of sight.

NISSAN AROUND VIEW® MONITOR
IT’S GOT YOUR BACK. AND THE REST OF YOU, TOO.
Parallel parking just got easier. A rearview monitor camera is great when backing up – but when it comes to parking, it’s nice to see more than just what’s directly behind you. That’s why Versa® Note® offers an available Around View® Monitor. Four cameras give you a virtual composite 360° bird’s-eye view of your vehicle, with selectable split-screen close-ups of the front, rear, and curbside views, so you can get a better look.1

Click the button for a short video on Versa® Note®’s Around View® Monitor. Or go to bit.ly/versanoteAVM

In Drive, the display gives you both a front and overhead view, so you know just how far to pull up – without going too far.

In Reverse, the display helps you see what’s directly behind you, while the overhead view helps with shorter objects otherwise hidden below your window.

In Drive or Reverse, you can push the camera button to switch out the overhead for a side view. A great help for seeing how close you are to the curb.

Located under your driver’s side mirror, this camera helps round out your virtual 360° bird’s-eye view, whether you’re in Drive or Reverse.2

NISSAN SAFETY SHIELD® PHILOSOPHY

INNOVATION THAT LOOKS OUT FOR YOU.

Wouldn’t it be cool if you had the confidence you need for every part of your drive? The Nissan Safety Shield® philosophy is a comprehensive approach to safety that guides the engineering and development of every vehicle we make.

MONITOR

Smart technologies help monitor conditions. Like a rearview camera that helps you see something directly behind you, or a system that helps ensure you’re rolling on properly inflated tires.

Tire Pressure Monitoring System with Available Easy-Fill Tire Alert

Let’s you know when a tire is low. And Easy-Fill Tire Alert takes the guesswork out of filling your tires, with a beep of the horn when you’ve reached the correct pressure.

Available Around View® Monitor

Available RearView Monitor

RESPOND

Whether you need to hit the brakes hard or maneuver around an unexpected obstacle, these standard technologies help you respond to a potentially harmful situation.

Vehicle Dynamic Control helps you maintain your steered path.

Traction Control System helps reduce wheelspin in low-traction situations.

Anti-lock Braking System helps you maintain steering control around obstacles while braking heavily.

Electronic Brake force Distribution sends extra force to the rear brakes when you have additional weight of passengers or cargo in the back.

Brake Assist helps apply maximum braking force if it detects hard braking and senses you are in an emergency situation.

PROTECT

When a collision is unavoidable, Nissan’s Zone Body Construction helps absorb the impact while the advanced seat belt and air bag systems help protect passengers.

Six Standard Air Bags

LATCH System (Lower Anchors and Tethers for Children)

NISSAN SAFETY SHIELD®: Nissan Advanced Air Bag System has dual-stage supplemental front air bags with seat belt and occupant-classification sensors. In addition, Versa® Note® features front seat-mounted side-impact supplemental air bags and roof-mounted curtain side-impact supplemental air bags.

snug Kids: Nissan safety engineers have dedicated thousands of hours to evaluating hundreds of child restraints in Nissans. The result: an industry first, The Snug Kids® Child Safety Seat Fit Guide. This guide lists child seats that fit the rear seats of Nissan vehicles, as well as offers invaluable tips on correct installation. Look for the latest Fit Guide at NissanUSA.com/SnugKids
TURN BRAND-NEW INTO ALL YOU.
