

2017 SLC

Self-confident trendsetter and technology leader.

Mercedes-Benz

The best or nothing.

The roadster, refreshed

Classic sports-car proportions and modern elements fuse to make the new SLC a roadster for the road ahead.

Expressively designed headlamps flank a new diamond grille in black, while new lower bodywork wraps around the body, hugging the road and embracing the large wheels. At the rear, the double-acting trunklid elegantly hides its seams from the profile view, while sleek new LED tail lights leave a lasting impression.

Retractable Panoramic roof

In under 20 seconds, the SLC's power retractable hardtop folds, pivots and nests into the trunk, with a new electric luggage compartment separator moving into place to define the luggage space. The available Panoramic roof's tinted see-through panel delivers a view of the sun and stars even with the top raised, yet its light weight enhances the car's low centre of gravity, for even sharper handling.

Staggered 17" and 18" wheels

Every SLC features staggered-width alloy wheels, with wider rear wheels and tires that help put more power to the pavement while the front tires deliver crisp steering feedback. The SLC 300 features standard 17" wheels, with 18" wheels optional in a variety of styles and packages. The new Mercedes-AMG SLC 43 grips the road and grabs your attention with 18" AMG wheels, also available in a selection of designs and colors.

LED lighting

In addition to standard LED Daytime Running Lamps and fibre-optic LED tail lights, the active LED High Performance Lighting System offers performance benefits with distinctive style. Its Adaptive Highbeam Assist and Active Curve Illumination help shine the most light where you need it most, whether you're on a straightaway or in a curve.

Dual roll bars

Designed from the road to the sky as a convertible, the SLC offers high levels of strength, rigidity and impact management without excessive weight. A pair of tubular roll bars, made of fibre-reinforced micro-alloy high-strength steel, is affixed to the car's rigid rear bulkhead. The windshield frame is also fortified with high-strength steel in its pillars.

Advanced safety technology

New Active Brake Assist can alert you if it senses you're closing in too quickly on a vehicle ahead. It can even start braking autonomously. Standard Passive Blind Spot Assist can warn you of unseen vehicles to your sides. Optional Distance Pilot uses radar to adapt your cruising speed to the traffic flow, even if it's stop-and-go.

Twin power sport seats

Each of the SLC's deeply bolstered sport seats combines enduring comfort on the open road with enthusiastic support in corners. Available hand-fitted leather benefits from an innovative sun-reflecting treatment. Standard heating, power adjustment and memory makes enjoying them a breeze in any season.

Season-extending innovations

When the setting sun or changing seasons send other roadsters into hibernation, the SLC is cleverly engineered to extend your top-down driving enjoyment. The innovative AIRSCARF option envelops your neck in warmth, like a virtual scarf. And the available AIRGUIDE windstops are clear draft deflectors mounted to the dual roll bars that you can easily pivot into place.

Endless playlist

An abundance of listening options ranges from dual USB audio ports, to Bluetooth® audio streaming, to SiriusXM® Radio. Available new Apple CarPlay® links your iPhone and Siri® to your car, so you can make calls, read or dictate text messages aloud, navigate to a destination, stream music and podcasts, and more. The available 11-speaker harman/kardon LOGIC7® system delivers 500 watts of lush surround sound.

SLC 300 turbo inline-4 engine

High-tech and turbo power squeeze more performance from less fuel. The 2.0-liter four's twin-scroll turbo quickly spins up to 230,000 rpm to put all 273 lb-ft of torque on tap from just 1,300 rpm. Rapid-multispark ignition and high-pressure Direct Injection can fine-tune their response with millisecond speed. A new paddle-shifted 9-speed makes the most of all that power.

DYNAMIC SELECT

A multimode drive program selector on the console lets you transform the car's character with the flip of a switch. Four modes (ECO, Comfort, Sport and Sport+) alter the throttle response, shift points and steering effort, ECO Start/Stop and more. A fifth "Individual" program lets you set up a mode all your own. The fuel-saving ECO Start/Stop system can help save fuel and emissions when you're waiting at a red light or stopped in traffic.

Symphonic exhaust notes

The SLC 300's standard sport exhaust teams with the audio system to intensify its visceral sound experience. For the Mercedes-AMG SLC 43, the AMG sport exhaust features flaps in each of its rear mufflers. A true dual system, it emits a more subdued tone at gentler revs while unleashing a throaty rumble during revs, gear changes and full-throttle acceleration. In either model, the acoustics can be adjusted via DYNAMIC SELECT.

Mercedes-AMG SLC 43 biturbo V-6 engine

The AMG-enhanced biturbo V-6 in the new Mercedes-AMG SLC 43 generates 362 hp and 384 lb-ft of torque. Its rapid-multispark ignition and high-pressure Direct Injection respond lightning quick, much like the new paddle-shifted 9-speed features AMG sport programming. The red-striped engine cover signifies the impressive roster of AMG enhancements within, all ready to be unleashed by you.

Performance hardware

The Mercedes-AMG SLC 43 is track-ready yet comfortable and confident in everyday driving. Its AMG High-performance brakes feature large ventilated and perforated discs and silver-painted 4-piston fixed calipers. The standard AMG Sport suspension is enhanced with forged aluminum track rods and increased negative camber at the rear axle, for greater agility with more direct feedback.

Distinctive style

From its sculpted lower bodywork and 18" AMG wheels to its exquisitely detailed cockpit, the Mercedes-AMG SLC 43 elevates both luxury and any driver's heart rate. AMG-design gauges and silver shift paddles greet your eyes and hands, while standard Nappa leather and DINAMICA sport seats and *designo* Red seat belts embrace you in style.

Premium Package

A popular suite of premium luxuries you'll soon consider must-haves.

AIRSCARF neck-level heating system

AIRSCARF is a neck-level heating system that provides warmed air through vents within each head restraint. The AIRSCARF system extends the top-down driving season with three heat settings and airflow that adapts to your driving speed.

harman/kardon LOGIC7 surround sound system

With 500 watts of rich, full audio, the 10-speaker LOGIC7[®] system is specifically engineered for the SLC. Digital Dynamic Volume Control imperceptibly adjusts to maintain the sound spectrum for consistent listening pleasure in varying driving conditions.

Panoramic Vario roof

Fully retractable – just like the standard SLC hardtop – the optional tinted Panoramic Vario roof delivers a sweeping view of the sky, even when the weather turns cool.

COMAND Online Navigation with MB Apps

This state-of-the-art GPS navigation system features Enhanced Voice Control, a fast 200GB hard drive and a high-resolution 7" colour screen. It also includes a DVD/CD player with an internet browser and MB Apps. Two USB ports in the centre armrest and an SD card slot are available in the COMAND control panel.

Premium Package cont.

A popular suite of premium luxuries you'll soon consider must-haves.

KEYLESS-GO

Originally pioneered by Mercedes-Benz, KEYLESS-GO lets you unlock your car and drive off without taking the SmartKey from your pocket or purse. You can lock and unlock the doors with a touch of the exterior handles, and start the engine by stepping on the brake pedal and pushing the Start/Stop button on the dashboard.

SiriusXM Satellite Radio (with 3 months of service)

SiriusXM® offers 130+ channels of premium digital entertainment, from news and talk to commercial-free music from every genre. Live broadcasts of pro and college sports keep you on top of your favorite games. Three months of service are included.

Rearview camera

For a better view of what's directly behind your vehicle when reversing, a wide-angle camera displays a live view on the in-dash COMAND screen. Active parking guidelines on the screen help you back into a parking space.

Active-LED High-Performance Lighting System

A Mercedes-Benz first, these full-LED active headlamps generate light that's even closer to natural daylight than Bi-Xenon headlamps. Active Curve Illumination swivels the headlamp beams as you steer the car. Expressively styled LED Daytime Running Lamps are integrated within the headlamps.

Premium Package cont.

A popular suite of premium luxuries you'll soon consider must-haves.

Adaptive Highbeam Assist

Engineered to maximize illumination of the roadway without creating glare for other drivers, Adaptive Highbeam Assist automatically and infinitely varies the range of your high-beam headlamps. The system uses input from a special camera to determine the distance to both oncoming vehicles and those ahead of you.

Smartphone Integration with Apple CarPlay

Apple CarPlay® brings an entirely new interface and variety of apps to your Mercedes-Benz. Integrating with the in-dash colour screen, central controller and steering-wheel controls, Apple CarPlay® looks and works like your iPhone®. By linking your iPhone® and Siri® to your car, you can make calls, read or dictate text messages aloud, navigate to a destination, stream music, enjoy podcasts and audiobooks from a variety of sources, and more.

Parking Assist with Parking Guidance

Included on Mercedes-AMG SLC 43 only / Available as a standalone option on SLC 300

Parking Assist with Parking Guidance helps you size up parallel-parking spots as you drive by, then displays steering instructions to help you back into your chosen space. In any low-speed manoeuvre, Parking Assist's ultrasonic sensors in the front and rear bumpers help detect nearby objects. Audible signals and illuminated displays in the cabin help you navigate tight spaces with confidence.

Analogue clock

Included on Mercedes-AMG SLC 43 only

A precise timepiece with timeless appeal, the optional analogue clock is situated atop the dashboard beneath its own sporty, arched hood.

Premium Package cont.

A popular suite of premium luxuries you'll soon consider must-haves.

AIRGUIDE windstops and aluminum roll-bar trim

Available in Sport Package on SLC 300

The AIRGUIDE wind deflectors are clear, manually pivoting draft-stops on each roll bar. Stylish aluminum trim for each roll bar is included.

Sport Package

Performance and styling upgrades hone the SLC 300 to a sharper edge.

Available only on SLC 300

AMG styling

Standard on Mercedes-AMG SLC 43

Aggressive sculpting of the deep front air dam, flared side sills and rear valance team with 18" AMG wheels for a gripping appearance befitting the car's handling.

18" AMG 5-spoke wheels

Bold, racing-bred 18" AMG 5-spoke alloy wheels feature five sculpted spokes that offer an enticing view of the brakes.

AIRGUIDE windstops and aluminum roll-bar trim

Available in Premium Package on Mercedes-AMG SLC 43

The AIRGUIDE wind deflectors are clear, manually pivoting draft-stops on each roll bar. Stylish aluminum trim for each roll bar is included.

Sport brake system

Larger, perforated front brake discs are grasped by painted calipers featuring Mercedes-Benz logos.

Sport Package cont.

Performance and styling upgrades hone the SLC 300 to a sharper edge.

Available only on SLC 300

AMG floor mats

Standard on Mercedes-AMG SLC 43

Stylish AMG floor mats feature metal AMG badges stitched into their plush velour carpeting.

Galvanized shift paddles

An electroplated finish gives the aluminum shift paddles an even more satisfying feel, as well as a richly sporty appearance.

Standalone Options

Make your SLC Roadster your own by choosing from a selection of innovative, thoughtfully designed and thoroughly engineered options.

MAGIC SKY CONTROL

This upgrade of the Panoramic glass roof switches to light or dark transparency at the press of a button. In Light mode, it is virtually transparent, offering an open-air feel even in cold weather. In its dark state, the roof provides welcome shade and helps keep the sun's rays from heating up the interior. And of course, the entire roof is power-retractable, an SLC hallmark.

Parking Assist with Parking Guidance

Available in Premium Package on Mercedes-AMG SLC 43

Parking Assist with Parking Guidance helps you size up parallel-parking spots as you drive by, then displays steering instructions to help you back into your chosen space. In any low-speed manoeuvre, Parking Assist's ultrasonic sensors in the front and rear bumpers help detect nearby objects. Audible signals and illuminated displays in the cabin help you navigate tight spaces with confidence.

Leather upholstery

Available on SLC 300 only

Rich, full-grain leather is fitted by hand to the SLC's seats. An innovative treatment helps fend off the sun's harsh rays. Choose from Black or Sahara Beige, with contrasting topstitching adding sporty detailing. The Black leather is also available with Red stitching and seat belts.

Nappa leather upholstery

Available on Mercedes-AMG SLC 43 only

Smooth, super-soft and sun-reflecting Nappa leather is hand-fitted to the seats in this luxurious option.

Standalone Options cont.

Make your SLC Roadster your own by choosing from a selection of innovative, thoughtfully designed and thoroughly engineered options.

18" AMG multi-spoke bicolour wheels

Large yet lightweight 18" AMG alloy wheels feature asymmetrically vaned spokes that convey precision and power. Black-painted inlays enhance their high-tech look.

18" AMG triple 5-spoke bicolour wheels

Available on SLC 300 only

Five tapering, machine-finished spokes are ringed in a thin machine-finished perimeter. In between them, gloss black inlays each feature a pair of ultrathin spokes that add intricate detail and visual strength.

18" AMG 10-spoke bicolour wheels

Available on Mercedes-AMG SLC 43 only

Ten ultrathin spokes feature machined surfaces set off by black inlays, for a bold, high-contrast appearance.

Distance Pilot

This radar-based cruise control adapts your set speed to the flow of traffic ahead, automatically slowing until your path is clear again. If the vehicle ahead slows to a stop, Distance Pilot can brake your car to a full halt, then automatically resume when traffic starts moving. Even if you're not using the cruise control function, Active Brake Assist can help detect an impending collision and automatically apply up to 100% braking force to help reduce the severity of impact.

Standalone Options cont.

Make your SLC Roadster your own by choosing from a selection of innovative, thoughtfully designed and thoroughly engineered options.

Burl Walnut wood trim

The warm glow of hand-polished Burl Walnut wood lends the cockpit a further air of refinement and exclusivity.

Dark Ash interior trim

Deep, rich, hand-polished Dark Ash wood trim adds dramatic style to the console and doors.

Aluminum trim

Available only on Mercedes-AMG SLC 43. Standard on SLC 300.

Sleek aluminum with a subtle patterned texture adds a bright, high-tech feel to the SLC cockpit.

Dark aluminum trim

Available only on SLC 300. Standard on Mercedes-AMG SLC 43.

For an ultramodern look, aluminum trim with a darkened color and patterned texture adds a dramatic flair to the SLC cabin.

Standalone Options cont.

Make your SLC Roadster your own by choosing from a selection of innovative, thoughtfully designed and thoroughly engineered options.

AMG carbon fibre trim

Available only on Mercedes-AMG SLC 43

Genuine carbon fibre is meticulously crafted and fitted to the doors and console, bringing the rich racing heritage of AMG directly to the cockpit.

Illuminated door sills

Brushed aluminum sill inserts greet you with the soft glow of backlit Mercedes-Benz logos as you open either door.

Mercedes-Benz Genuine Accessories

Exclusively engineered to fit your car and your life, they're the best way to make your SLC unmistakably yours while keeping it genuinely Mercedes-Benz.

Car care products

Keep the interior and exterior of your vehicle looking their best with our exclusive, specially formulated interior and exterior car care kits.

Navigation update

Owning a navigation system is one thing. Keeping it up to date is another. Mercedes-Benz map update software keeps your maps and Points of Interest current with the latest information.

Winter wheel & tire packages

Winter wheels and tires can play a major role in your safety and your vehicle's handling and performance on icy, snow covered roads. Winter tires offer increased traction in harsh conditions and can reduce stopping distance by up to three car lengths.

Cargo area tray

Protect your cargo-area carpeting with this durable, easy to clean plastic insert with 2" sides. Custom-formed to fit the cargo area of your vehicle.

Mercedes-Benz Genuine Accessories cont.

Exclusively engineered to fit your car and your life, they're the best way to make your SLC unmistakably yours while keeping it genuinely Mercedes-Benz.

Wheel upgrades

Choose from a wide selection of stunning wheels to accentuate your style.
